(OWNER NAME) (MAILING ADDRESS) (LOCATION OF PROPERTY)

INSTRUCTIONS – Report all acquisitions and disposals for the period March 1, 1989 through February 28, 1990. Do not combine reportings, use a separate schedule for each category of property. Check only one box per schedule. If additional schedules are needed, photocopy this schedule.

ADDITIONS – Describe and enter the total acquisition cost(s), including excise, sales, and use taxes, freight-in, and installation charges, by month of acquisition; transfers-in should also be included. The former property address and date of transfer should be reported, as well as original date and cost(s) of acquisition.

Only completed projects should be reported here, i.e., the date the property becomes functional and/or operational, otherwise it should be reported as construction-in-progress.

Identify completed construction that was reported as construction in progress on your 1989 property statement. Describe the item(s) and its/their cost(s), as previously reported, on a separate schedule and attach it to the AH 571-D form.

DISPOSALS – Information on this property should include the disposal date, method of disposal (transfer, scrapped, abandoned, sold, etc.) and names and addresses of purchasers when items are either sold or transferred.
