Instructions for Form 100S

California S Corporation Franchise or Income Tax Return

References in these instructions are to the Internal Revenue Code (IRC) as of **January 1, 1993**, and to the California Revenue and Taxation Code (R&TC).

Important Information

25% Foreign Owned U.S. Corporations and Foreign Corporations That Are California Taxpayers

If you were required to file federal Form(s) 5472, Information Return of a Foreign Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business, with your federal return, and you are a California taxpayer, you must attach copy(s) to your California return. The penalty for failing to include Form(s) 5472 as required is \$10,000 per form. See page 4 for more information.

Tax Law Changes

In general, California did not conform its law to changes made to the IRC by the federal Revenue Reconciliation Act of 1993 (Public Law 103-66). California legislation during 1994 did adopt specific provisions of the 1993 federal changes and these provisions are specifically identified when appropriate. All other references in these instructions are to the IRC as it existed on January 1, 1993.

Net Operating Loss Carryover Deductions

Carryover periods varying from 5 to 8 years, and carryover deductions varying from 50% to 100% are allowed for net operating losses sustained by qualified corporations for income years beginning on or after January 1, 1994. For more information, see FTB 3805Q and instructions.

Manufacturers' Investment Credit

This credit is equal to 6% of the amount paid or incurred on or after January 1, 1994, for qualified property placed in service in California. However, credits for expenses paid or incurred in 1994 must be claimed on returns filed for income years beginning on or after January 1, 1995. For more information, get FTB Pub. 1137, The Manufacturers' Investment Credit.

Electronic Funds Transfer (EFT)

Corporations that meet certain requirements must remit all of their payments through EFT rather than by paper checks. Once a corporation remits an estimated tax payment or extension payment in excess of \$20,000 has a total tax liability in excess of \$80,000 in any income year beginning on or after January 1, 1995, the Franchise Tax Board (FTB) will notify the corporation that all future payments must be made by EFT. Those that wish to participate on a voluntary basis may do so. For more information, call 1-800-852-2753.

Amortization

California has conformed to the 1993 federal Revenue Reconciliation Act (Public Law 103-66) for the amortization of intangibles under IRC Section 197 for income years beginning on or after January 1, 1994.

Nonprofit Farm Cooperative Associations

For income years beginning on or after January 1, 1994, county certified nonprofit farm cooperative associations may be exempt from the minimum franchise tax for five consecutive income years. To qualify for this exemption, the associations must meet the following conditions:

- the county board of supervisors where the cooperative's principal place of business is located certifies that the cooperative is located in an economically distressed area, and 90% or more of the association's members have been unemployed or dependent upon public social services

for their income within the previous 12 months; and

- the certificate is requested in the association's first income year.

Filing Requirements

Recent legislation created a filing requirement for any bank or corporation with total worldwide assets (including related entities) exceeding \$200 million. For more information, get form FTB 2427, Worldwide Affiliation Schedule.

All existing water's-edge contracts entered into prior to January 1, 1994, are rescinded. For more information, see General Information S.

General Information

Form 100S is used if a corporation has elected to be a California small business corporation (S corporation).

All federal S corporations that are subject to California laws and that did not make a California C corporation election must file Form 100S and pay at least the minimum franchise tax or the 1.5% income or franchise tax. The tax rate for financial S corporations is 3.670%. Generally, California law follows federal law. However, under California law, if a corporation is treated as an S corporation, and has one or more shareholders who are nonresidents of California, or a trust with a nonresident fiduciary, the S corporation must file form FTB 3830, S Corporation's List of Shareholders and Consents (included in this booklet). This list must include the names and social security numbers or federal employer identification numbers of all shareholders and each nonresident shareholder's or fiduciary's signed consent to be subject to California's jurisdiction to tax the shareholder's pro rata share of income attributable to California sources.

R&TC Section 23801 authorizes the FTB to make a retroactive revocation of the S corporation status if the S corporation fails to meet the requirements outlined above.

A Franchise or Income Tax

Corporation franchise tax

The corporation franchise tax is imposed on all S corporations "doing business" or incorporated in California. The tax must be prepaid for the privilege of doing business. It is measured by the income of the preceding year (the income year) for the privilege of doing business in the following year (the taxable year). For purposes of these instructions, the term "income year" means taxable year for S corporations that are taxed under Chapter 3 of the Bank and Corporation Tax Law.

The term "doing business" means actively engaging in any transaction for the purpose of financial gain.

Entities subject to the corporation franchise tax include all S corporations:

- incorporated in California; or
- doing business in California, whether or not incorporated or qualified under California law.

Corporation income tax

The corporation income tax is imposed on all S corporations that derive income from sources within California but are not doing business in California.

For purposes of filing a corporation income tax return, the term "corporation" is not limited to incorporated entities, but also includes:

- associations;
- Massachusetts trusts; and
- business trusts.

B Tax Rate and Minimum Franchise Tax

The tax rate for S corporations with a calendar year accounting period that are subject to either the franchise or the income tax is 1.5%. If the S corporation is a financial S corporation, and is a calendar year filer, the tax rate is 3.670%.

The tax rate for certain capital gains, built-in gains and excess net passive income is 9.3%. If the S corporation is a financial S corporation, the tax rate is 11.470%.

S corporations that are banks and financial corporations and file a return for a fiscal year beginning in 1994 and ending in 1995, pay tax at a composite rate based on the month in 1995 on which the last day of the fiscal year falls. Financial S corporations that file on a fiscal year basis should obtain form FTB 1017B to find out the composite rate for fiscal years beginning in 1994 and ending in 1995. See *Where to Get Tax Forms* on page 31 of this booklet.

All S corporations subject to the corporation franchise tax and any S corporation "qualified" to do business in California must file Form 100S and pay at least the minimum franchise tax as required by law. The minimum franchise tax is \$800 and must be paid whether the S corporation is active, inactive, operates at a loss or files a return for a short period.

S corporations are not subject to the alternative minimum tax.

C Elections and Terminations

Elections

Corporations that elect federal S corporation status are deemed to have made a California S election on the same date as the federal election. These corporations must report the federal S election to the FTB using form FTB 3560, S Corporation Election or Termination/Revocation.

If a federal S corporation wants to be a California C corporation, it must elect such treatment using form FTB 3560. Only corporations incorporated or qualified to do business in California may make this election. Such an election is treated as a revocation and will be disregarded if not filed when due.

A federal S corporation that previously elected to be a California C corporation may elect to become a California S corporation unless the California S corporation status was terminated within the past five years. Use form FTB 3560 to make this election.

Terminations

A corporation may terminate its S corporation status by:

- revoking the election (federal or state); or
- ceasing to qualify as an S corporation; or
- violating the passive investment income restrictions on corporations with earnings and profits.

An S corporation may terminate, by revocation, its S election for California, without terminating its federal

S election. (R&TC Section 23801(a)(4)(A)(ii) or 23801(a)(4)(F)(i)).

If the corporation terminates its S corporation status, short period returns are required for the S corporation short year and the C corporation short year if applicable. For more information, get federal Pub. 589, Tax Information on S Corporations.

During the five years after the termination of the S corporation status, the corporation may not make another California S election unless the FTB consents.

For more information about elections and terminations, get form FTB 3560.

D Accounting Period and Method

The income year of the S corporation must not be different from the tax year used for federal purposes, unless initiated or approved by the FTB (R&TC Section 24632).

A change in accounting method requires consent from the FTB. However, an S corporation that obtains federal approval to change its accounting method, or that is permitted or required by federal law to make a change in its accounting method without prior approval, and that does so, is deemed to have the FTB's approval if: (1) the S corporation files a timely Form 100S consistent with the change for the first year the change is effective, and (2) the change is consistent with California law. Attach to Form 100S a copy of federal Form 3115, Application for Change in Accounting Method, and a copy of the federal consent to the change. The FTB may modify requested changes if the adjustments would distort income for California purposes.

E When to File

File Form 100S no later than the 15th day of the third month after the close of the income year.

For final returns, see General Information N and General Information O.

F Extension of Time to File

An S corporation that cannot file its California return by the 15th day of the 3rd month following the close of the income year may file on or before the 15th day of the 10th month without filing a written request for an extension, unless the corporation is suspended as of the original due date. This does not extend the time for payment. The full amount of tax must be paid by the original due date of Form 100S. If there is an unpaid tax liability on the original due date, get form FTB 3539, Payment Voucher for Automatic Extension for Corporations and Exempt Organizations.

Note: If the corporation must pay its tax liability using EFT, all taxes due **must** be remitted by EFT to avoid penalties. Do not send form FTB 3539.

G Where to File

For returns with payments, make the check or money order payable to the Franchise Tax Board. Write the California corporation number on the check or money order. Mail the return and payment to:

Franchise Tax Board
P.O. Box 942857
Sacramento, CA 94257-0501

Mail all other returns to:

Franchise Tax Board
P.O. Box 942857
Sacramento, CA 94257-0500

H Net Income Computation

The computation of net income from trade and business activities generally follows the determination of taxable income as provided in the IRC. However, there are differences that must be taken into account when completing Form 100S. There are two ways to complete Form 100S:

1. Federal reconciliation method

- Attach a copy of federal Form 1120S, Page 1, U.S. Income Tax Return for an S Corporation, and all pertinent supporting schedules, or transfer the information from federal Form 1120S, Page 1, onto Schedule F and attach all pertinent supporting schedules;
- Enter the amount of federal taxable income (loss) from trade or business activities before any NOL on Form 100S, Side 1, line 1; and
- Enter the state adjustments (including any adjustments required to report items not included in ordinary trade or business income or loss) on lines 2 through 13 to arrive at California net income, Side 1, line 15.

See the specific line instructions for more information.

2. Schedule F – California computation

If you have no federal filing requirement, or if you maintain separate records for state purposes, complete Form 100S, Schedule F, Computation of Net Income, to determine state income. If net income is computed under California laws, generally no state adjustments are necessary. Transfer the amount from Schedule F, line 22, to Side 1, line 1. Complete Form 100S, Side 1, lines 2 through 13, only if applicable.

Substitution of federal schedules

S corporations may substitute federal schedules for California schedules (except for Schedules B, C, D, H, J, K, K-1 and M-2 (100S)) as long as the S corporation attaches all federal supporting schedules and reconciles any differences between federal and California amounts.

I Certain Capital Gains/Built-in Gains

For California purposes, when a C corporation elects to be an S corporation, certain items recognized in S corporation years are subject to the C corporation 9.3% tax rate instead of the S corporation 1.5% tax rate.

"Old" IRC Section 1374 allowed a threshold amount in determining if the S corporation was subject to the 9.3% tax. However, "old" IRC Section 1374 was replaced by "new" IRC Section 1374, which does not allow the threshold amount and is applicable to more forms of income.

Capital gains under "old" IRC Section 1374.

Generally, S corporations that made the federal S election before January 1, 1987, or during 1987 or 1988 and are under the transition relief rules applicable to built-in gains may be subject to a tax on capital gains (under "old" IRC Section 1374) for California purposes for certain sales or dispositions.

Based on "old" IRC Section 1374, a tax is imposed at 9.3% (or the financial S corporation tax rate) if:

- the S corporation is not subject to tax on the gain under the new built-in gains rules (see below);
- the excess of the net long-term capital gain over the net short-term capital loss is more than \$25,000;

- the excess is more than 50% of the corporation's taxable income; and
- the taxable income is more than \$25,000.

The capital gains tax under "old" IRC Section 1374 does not apply if the corporation was an S corporation during each of the preceding 3 years or for the entire period in the case of new corporations in existence for less than 4 years. However, see the instructions for federal Form 1120S, Schedule D, for rules applicable to certain carryover basis assets.

Built-in gains under "new" IRC Section 1374.

For those S corporations that made the initial federal S election after December 31, 1986, certain income items reported by the S corporation are taxed at 9.3% (or the financial tax rate). This provision applies for a period of 10 years following the C corporation's election to become an S corporation. The amount of built-in gain that is taxed at 9.3% (or the financial tax rate) is the excess of recognized built-in gains over recognized built-in losses, limited by taxable income as determined under IRC Section 1374(d)(2)(A). The following items are treated as built-in gains subject to this tax:

- accounts receivable of cash basis taxpayers from C corporation years;
- long-term contract deferred income from C corporation years;
- deferred income from installment sales made in C corporation years;
- recapture of depreciation from C corporation years;
- income from unreplaced LIFO inventory from C corporation years; and
- any other income item that is attributable to C corporation years.

Note: For purposes of "new" IRC Section 1374, the effective date of any California S election made in 1987 and 1988 reverts back to the date of the federal S election if the corporation was previously a federal S corporation.

Transitional rules under "new" IRC

Section 1374. The Tax Reform Act of 1986, Act Section 633(d)(8), to which California conforms, provides special transitional relief from the built-in gains tax for qualified S corporations. A "qualified S corporation" is any S corporation that has an applicable value of \$10 million or less on August 1, 1986, all times thereafter and before the corporation is completely liquidated, and is more than 50% owned by ten or fewer qualified persons. A "qualified person" is an individual, an estate or a trust that is described in IRC Section 1361(c)(2)(A)(ii) or (iii).

This transitional relief applies to qualified corporations that elected S corporation status after December 31, 1986, and before January 1, 1989. The relief is not available to an otherwise qualified S corporation in the case of the sale or distribution of capital assets held six months or less or in the case of the sale or distribution of assets which results in ordinary income (loss).

J Estimated Tax

Every S corporation, unless exempt by law, must pay estimated tax using Form 100-ES, Corporation Estimated Tax.

Note: If the corporation must pay its tax liability using EFT, all estimate payments due **must** be remitted by EFT to avoid penalties.

Generally, estimated tax is due and payable in four equal installments:

- the first payment is due on the 15th day of the 4th month of the income year (note that this pay-

ment may not be less than the minimum franchise tax, if applicable); and

- the 2nd, 3rd and 4th installments are due and payable on the 15th day of the 6th, 9th and 12th months, respectively, of the income year.

Note for first-time filers: The first tax return the corporation files reports the income of its first income year. The tax shown on that return is the tax for the privilege of doing business in the corporation's second taxable year. The prepayment of tax made to the Office of the Secretary of State at the time of incorporation or qualification is for the privilege of "doing business" during the S corporation's first taxable year. **Do not** claim this prepayment as an estimated tax payment or credit against the tax liability shown on the return for any given year.

For more information, get the instructions for Form 100-ES.

K Commencing S Corporations

The tax measured by the income in the first year of business (first income year) is for the privilege of "doing business" during the second year.

If the first income year is for a short period of less than 12 months, or if the S corporation is inactive during the first income year, pay at least the minimum franchise tax by the first estimate installment due date, and file Form 100S by the due date.

For more information, get FTB Pub. 1060, Guide for Corporations Starting Business in California.

L Penalties

Failure to file a timely return

Any S corporation that fails to file Form 100S on or before the extended due date is assessed a penalty. The penalty is 5% of the unpaid tax for each month, or part of the month, the tax remains unpaid from the due date of the return until filed. The penalty may not exceed 25% of the unpaid tax. If the corporation does not file its return by the extended due date, the automatic extension will not apply and the late filing penalty plus interest will be assessed.

Failure to pay total tax by the due date

Any S corporation that fails to pay the total tax shown on Form 100S by the original due date is assessed a penalty. The penalty is 5% of the unpaid tax, plus 0.5% for each month, or part of the month (not to exceed 40 months) the tax remains unpaid. This penalty may not exceed 25% of the unpaid tax.

Note: If an S corporation is subject to both the penalty for failure to file a timely return and the penalty for failure to pay the total tax by the due date, a combination of the two penalties may be assessed, but the total will not exceed 25% of the unpaid tax.

Underpayment of estimated tax

Any S corporation that fails to pay, pays late or underpays an installment of estimated tax is assessed a penalty. The penalty is a percentage of the underpayment for the underpayment period. Use form FTB 5806, Underpayment of Estimated Tax by Corporations, to determine both the amount of underpayment and the amount of penalty.

Note: If the S corporation uses Exception B or Exception C for any of the four installments, form FTB 5806 must be attached to Form 100S.

Information reporting penalty

Certain domestic corporations that are 25% or more foreign-owned and foreign corporations engaged in a U.S. trade or business, must include federal Form(s) 5472, Information Return of a Foreign-Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business, with the return. Attach a

copy of federal Form(s) 5472 to Form 100S. The penalty for failing to include Form(s) 5472 as required is \$10,000 per form.

If the S corporation does not file the tax return on the due date or extended due date, whichever is later, copies of federal Form(s) 5472 must still be filed on time. Mark these separate Form(s) 5472 and mail them to the same address used for Form 100S that do not have a balance due. Then, when the S corporation files Form 100S, also attach copies of the federal Form(s) 5472.

Secretary of State penalty

The California Corporations Code requires the FTB to assess a penalty for failure to file an annual statement of corporate officers with the Office of the Secretary of State. For more information, contact the:

California Secretary of State
P.O. Box 944230
Sacramento, CA 94244-0230
Telephone: (916) 445-2020

Accuracy and fraud related penalties

California conforms to IRC Sections 6662 through 6664 which authorize the imposition of an accuracy-related penalty equal to 20% of the related underpayment and the imposition of a fraud penalty equal to 75% of the related underpayment.

Other penalties

Other penalties may be imposed for a check returned for insufficient funds, failure to pay by EFT when required, failure to report property transfers to non U.S., foreign persons or required information by a non U.S., foreign corporation operating in the U.S., domestic non California, foreign corporations operating while forfeited or without qualifying to do business in California and domestic corporations operating while suspended in California.

For more information, see General Information P and R&TC Sections 19029, 19134, 19135, 19141.5 and 19164.

M Interest

Interest is due and payable on any tax due but not paid by the original due date of Form 100S. Interest is also due on some penalties. The automatic extension of time to file Form 100S does not stop interest from accruing. California follows federal rules for the calculation of interest. Get FTB Pub. 1072, Explanation of Interest, for more information.

N Dissolution/Withdrawal

The franchise tax for the period in which the S corporation formally dissolves or withdraws is measured by the income of the year in which it ceased doing business in California, unless such income has already been taxed at the rate prescribed for the taxable year of dissolution or withdrawal.

An S corporation that is a successor to a corporation that commenced doing business in California before January 1, 1972, is allowed a credit that may be refunded in the year of dissolution or withdrawal. The amount of the refundable credit is the difference between the minimum franchise tax for the corporation's first full 12 months of doing business, and the total tax paid for the same period.

The return for the final taxable period is due on or before the 15th day of the 3rd full month following formal dissolution or withdrawal.

For more information, get FTB Pub. 1038, Guidelines for Corporations Dissolving, Surrendering (Withdrawal) or Merging.

Samples and/or forms for a dissolution, surrender or merger agreement filing may be obtained by addressing your request to:

California Secretary of State
Attn: Legal Review
1230 J Street
Sacramento, CA 95814

Note: The office of the Secretary of State will move in February or March of 1995. Call the general information number, (916) 445-0620, for the new address.

O Ceasing Business

Because the corporation franchise tax is a prepaid tax, a special tax computation is necessary when an S corporation ceases to do business. The tax for the final year in which the S corporation does business in California is:

- the tax measured by the income of the preceding year, PLUS
- the tax measured by the income of the year in which the corporation ceases to do business.

The tax due must be at least the minimum franchise tax. Generally, the S corporation will remain subject to the minimum franchise tax for each year it is in existence until it is formally dissolved or withdrawn through the Office of the Secretary of State. For more information, see General Information N and R&TC Sections 23332 through 23335.

P Suspension/Forfeiture

If an S corporation fails to file Form 100S and/or fails to pay any tax, penalty or interest due, its powers, rights and privileges may be suspended (in the case of a domestic S corporation) or forfeited (in the case of a foreign S corporation).

S corporations that operate while suspended or forfeited are subject to a \$2,000 penalty, which is in addition to any tax, penalties and interest already accrued. Also, any contracts entered into during suspension or forfeiture are voidable at the request of any party to the contract other than the suspended or forfeited corporation.

Such contracts will remain voidable and unenforceable by the corporation unless relief from contract voidability is applied for and granted by the FTB.

For more information, see R&TC Sections 23301 through 23305.2 and 19135.

Q Apportionment of Income

S corporations with business income attributable to sources both within and outside of California are required to apportion such income. To calculate the apportionment percentage, use Schedule R, Apportionment and Allocation of Income.

Note: A corporation which has made a valid election to be treated as an "S corporation" is generally not included in a combined report. (However, in some cases, the FTB may use combined reporting methods to clearly reflect income of an S corporation (R&TC Section 23801(d)(1).)

R Excess Net Passive Investment Income

California conforms to IRC Section 1375 for income years beginning on or after January 1, 1988. If an S corporation does not have excess net passive investment income for federal purposes, then the S corporation will not have excess net passive investment income for California purposes.

If at the close of the income year, an S corporation has undistributed earnings and profits (defined in IRC Section 1362(d)(3)(B)) from previous years as a C corporation, and has passive investment income that represents more than 25% of total gross receipts, then the S corporation may be subject to a tax on the excess net passive investment income. This tax, imposed under R&TC Section 23811, may not be reduced by any financial offset.

S Water's-Edge Reporting

To make the water's-edge election, an S corporation must enter into a contract with the FTB by filing Form 100-WE, Water's-Edge Contract. For the election to be valid, Form 100-WE must be signed and attached to the original Form 100S and a copy must be attached to all subsequent returns filed during the contract period.

In consideration for being allowed to file on a water's-edge basis, the S corporation must, among other things, agree to:

- file on a water's-edge basis for a period of 84 months;
- the business income treatment of dividends received from certain corporations; and
- consent to the taking of certain depositions and the acceptance of subpoenas duces tecum requiring the reasonable production of documents.

For more information and the required forms, get the Form 100-WE Booklet.

Effective for income years beginning on or after January 1, 1994:

- All existing water's-edge contracts, entered into prior to January 1, 1994, are rescinded;
- New contracts must be entered into to continue or to begin filing on a water's-edge basis for an election period of 84 months for income years beginning on or after January 1, 1994;
- the election fee was eliminated;
- the Domestic Disclosure Spreadsheet filing requirement is replaced with an information return, form FTB 2427, Worldwide Affiliation Schedule, which is required to be filed by all taxpayers with more than \$200 million in total assets; and
- the FTB cannot disregard a water's-edge election.

For more information regarding these changes, get FTB Notice 93-7.

T Amended Return

To correct or change Form 100S, file Form 100X, Amended Corporation Franchise or Income Tax Return. Also, if the IRS examined and changed the S corporation's federal return or if the S corporation filed an amended federal return, file Form 100X within six months of the final federal determination.

U Information Returns

Every S corporation engaged in a trade or business and making or receiving certain payments in the course of the trade or business is required to file information returns which report the amount of these payments.

Payments that must be reported include, but are not limited to, compensation for services not subject to withholding, commissions, fees, prizes and awards, payments to independent contractors, rents, royalties and pensions exceeding \$600 annually, interest and dividends exceeding \$10 annually, and cash payments over \$10,000 received in a trade or business.

Payments of any amount by a broker or barter exchange must also be reported.

Report payments on federal Form 1099 (series) accompanied by California Form 596, Annual Summary and Transmittal of Information Returns. Reports must be made for the calendar year and generally are due on February 28th of the year following payment. For more information, get Form 596.

V Net Operating Loss (NOL)

Significant changes were made to the NOL provisions for income years beginning on or after January 1, 1994.

R&TC Sections 24416, 24416.1 and 25108 provide for NOL carryovers incurred in the conduct of a trade or business.

R&TC Section 24347.5 provides special treatment for the carryover of disaster losses incurred in an area designated by the President of the United States or the Governor of the State of California as a disaster area.

For more information, see form FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations — Corporations (included in this booklet), or get form FTB 3805Z, Enterprise Zone and Program Area Business Booklet, and form FTB 3806, Los Angeles Revitalization Zone Booklet. See R&TC Sections 24416, 24416.1, 24416.2 and 24347.5.

W At-Risk Rules

California S corporations are subject to IRC Section 465 relating to the at-risk rules. For more information, see federal Form 6198, At-Risk Limitations. Losses from passive activities are first subject to the at-risk rules and then to the passive activity rules.

X Passive Activity Loss Limitation

Caution: Federal legislation in 1993 made several changes to the passive activity loss provisions of the IRC. California has not conformed to those changes.

California S corporations must follow prior IRC Section 469 and the regulations thereunder that allow losses from passive activities to be applied only against income from passive activities.

California law also differs from federal law in that the passive activity loss rules are applied at both the S corporation level and at the shareholder level. The passive activity loss rules must be applied in determining the net income of the S corporation that will be taxed using the 1.5% tax rate. Subsequent to the income and deductions flowing through to the shareholders, the rules are again applied in determining the net income of the shareholder. Treatment at the shareholder level is the same as the federal treatment prior to January 1, 1994.

The passive activity loss rules apply to the S corporation as if it were an individual (i.e., losses from passive activities may not be used to offset other income, except for \$25,000 in losses from rental real estate). However, when determining whether the S corporation materially participates in the activity, the material participation rules that apply to a "closely held C corporation" should be applied to the S corporation. For more information, see IRC Section 469(h)(4).

S corporations must use form FTB 3801, Passive Activity Loss Limitations, to figure the allowable net loss from passive activities.

Y Passive Activity Credits

S corporation credits subject to the passive activity credit limitation rules include:

- research credit;
- jobs credit;
- orphan drug credit carryover; and
- low-income housing credit.

Get form FTB 3801-CR, Passive Activity Credit Limitations, for more information.

Z Tax Credits

If a C corporation had unused credit carryovers when it elected S corporation status, the carryovers were reduced to one-third and transferred to the S corporation. The remaining two-thirds were disregarded. The allowable carryovers may be used to offset the 1.5% tax on net income in accordance with the respective carryover rules. These carryovers may not be passed through to shareholders.

S corporations may generate credits from both the Bank and Corporation Tax Law and the Personal Income Tax Law. Follow the guidelines below:

- if a credit is allowed under the Bank and Corporation Tax Law, only one-third of the credit may be used to offset tax. The remaining two-thirds must be disregarded and may not be carried over, and no part of the credit may be passed through to the shareholders; or
- if the credit is allowed only under Personal Income Tax Law, the full credit may be passed through to the shareholders, and no part may be used by the S corporation; or
- if a credit is allowed under both the Bank and Corporation Tax Law and Personal Income Tax Law, the S corporation may use one-third of the credit. The remaining two-thirds must be disregarded and may not be carried over. The full amount of the credit, as calculated under the Personal Income Tax Law, may also be passed through to the shareholders.

Credits and credit carryovers may not reduce the minimum franchise tax, built-in gains tax, excess net passive income tax, credit recaptures, the increase in tax imposed for the deferral of installment sale income, or an installment of LIFO recapture tax.

AA Group Nonresident Shareholder Return

Nonresident shareholders of an S corporation doing business in California may elect to file a group nonresident return on Form 540NR, California Nonresident or Part-Year Resident Income Tax Return. For more information, get FTB Pub. 1067, Guidelines for Filing a Group Form 540NR for Nonresident Shareholders of an S Corporation.

Questions A through Q

Answer all applicable questions. Be sure to answer questions H through Q on Side 2. Note the following instructions when answering:

Question B – Total worldwide assets

All S corporations must answer Question B.

Related entities. A related entity is a bank or corporation that is a member of a commonly controlled group of which the taxpayer is also a member. Common control is established by ownership, direct and indirect, of more than 50% of the voting stock.

Total assets. Total assets are all tangible and intangible property valued at original cost net of depreciation, amortization or depletion as reflected on a consolidated balance sheet prepared for reporting to shareholders.

Question C – Transfer or acquisition of voting stock

All S corporations **must** answer Question C.

Answer "yes" to Question C on Side 1 if:

- the percentage of outstanding voting shares of this S corporation or its subsidiary(ies) owned by **one** person or **one** entity cumulatively surpassed 50% during this year; or
- the total of voting shares transferred to **one** irrevocable trust cumulatively surpassed 50% this year; or

Question D – Principal business activity code

All S Corporations must answer Question D.

Using the list found on page 14, enter the code number for the specific industry group from which the greatest percentage of California "total receipts" is derived. "Total receipts" means gross receipts plus all other income. The California code number may be different from the federal code number.

Question E – Enterprise zone, program area or Los Angeles Revitalization Zone (LARZ) tax benefits

Answer "yes" if the S corporation claims:

- net interest deduction for enterprise zone, program area or LARZ investments (Side 1, line 12);
- an enterprise zone, a program area or the LARZ business expense deduction (Side 1, line 13);
- enterprise zone hiring/sales and use tax credit (Schedule C (100S), line 6);
- program area hiring/sales and use tax credit (Schedule C (100S), line 7); or
- LARZ hiring/sales and use tax credit (Schedule C (100S), line 8).

S corporations must attach form FTB 3805Z, Enterprise Zone/Program Area Deduction and Credit Summary or form FTB 3806, Los Angeles Revitalization Zone Deduction and Credit Summary, to Form 100S to claim any of these tax benefits. If form FTB 3805Z or form FTB 3806 is not attached, these tax benefits may be disallowed.

Question F – Technological property contribution tax benefits

Check this box if the S corporation claims:

- a deduction under R&TC Section 24357.8 for the contribution of scientific equipment or apparatus (Side 1, line 11); or
- a credit carryover for the contribution of a computer or scientific equipment (Schedule C (100S), line 14).

Line 2 through Line 16 – State adjustments

To figure net income for California purposes, corporations using federal reconciliation (see General Information H) must enter California adjustments to the federal net income on lines 2 through 13. If a specific line for the adjustment is not on Form 100S, enter the adjustment on line 7, Other Additions, or line 13, Other Deductions, and attach a schedule.

Line 2 – Taxes not deductible

California law does not permit a deduction for California corporation franchise or income taxes or any other taxes on, according to, or measured by income or profits. Add these taxes to income on line 2. Examples of these taxes are California's minimum franchise tax, and the 1.5% income or franchise tax. California law does not permit a deduction for the environmental taxes imposed by IRC Section 59A.

Line 3 – Interest on government obligations

S corporations subject to the California franchise tax must report interest received on government obligations even though it may be exempt from state or federal income tax. This interest must be added to income on line 3. See line 13 instructions for S corporations subject to the California corporation income tax.

Line 4 – Net capital gain

Enter on this line any net capital gain subject to the 1.5% tax rate shown on Schedule D (100S), Section B.

California law is substantially different from federal law. Complete Schedule B for assets subject to depreciation and for assets subject to amortization. Enter the total of Schedule B, Part I, line 4 and Part II, line 4, on Form 100S Side 1, line 5.

Line 6 – Portfolio income

Enter on this line net portfolio income not included in line 1, but that must be included in the S corporation's net income for computing the 1.5% tax. Include interest, dividends and royalties. Do not include any passive activity amounts on this line. Instead include passive activity amounts on line 7 or line 13.

Line 7 – Other additions

Include on this line other items not added on any other line to arrive at net income. Attach a schedule that clearly shows how each item was computed and explain the basis for the adjustment.

If a federal contribution deduction was taken in arriving at the amount entered on line 1, enter that amount on line 7. See line 11.

Enter any passive activity income on line 7.

California ordinary net gain or loss

Before entering the amount from Schedule D-1, line 18, determine whether the gain is classified as "built-in gain." If so, enter that amount on Schedule D (100S), Part IV, and enter the difference on Side 1, line 7.

Note: Business expense deductions are not allowed with respect to payments to a club that restricts membership or the use of its services or facilities on

Line 9 – Deductible dividends

Complete Schedule H and enter the total from Schedule H, column (g) on this line.

On a separate worksheet, using the Form 100S format, complete Form 100S, Side 1, through line 15 (without regard to line 11). Then complete the worksheet below to determine the contribution deduction to enter on this line.

1. Net income after state adjustments from Side 1, line 15. _____

3. Net income for contribution calculation purposes. Add line 1 and line 2. _____
4. Allowable contributions. Multiply line 3 by 5% (.05) _____
5. Enter the amount actually contributed _____
6. Enter the smaller of line 4 or line 5 here and on Side 1, line 11 _____

If any federal contribution deduction was taken in arriving at the amount entered on Side 1, line 1, enter that amount as an addition on line 7.

Line 12 – Net interest deduction

A deduction may be claimed on this line for the amount of net interest on loans made to an individual or company doing business inside an enterprise zone, a program area or the LARZ. For more information, get form FTB 3805Z and the 1994 Enterprise Zone and Program Area Business Booklet or form FTB 3806 and the 1994 Los Angeles Revitalization Zone Booklet. If form FTB 3805Z or form FTB 3806 is not attached, these tax benefits may be disallowed.

Enter on line 13 any passive activity loss. Also enter any IRC Section 179 expense from Schedule B, line 5a.

For S corporations subject to income (and not franchise) tax, interest received on obligations of the federal government and on obligations of the State of California and its political subdivisions is exempt from income tax. If such interest is reported on line 3, deduct it on this line.

Federal ordinary net gain or loss. Enter any federal ordinary net gain or loss from federal Form

4797, Sales of Business Property, line 20, if the amount is included in income on line 1.

Line 16 – Net income (loss) for state purposes

If all the S corporation income is derived from California sources, transfer the amount from line 15 to this line. If only a portion of income is derived from California sources, complete Schedule R, Apportionment and Allocation of Income, before entering any amount on this line. Transfer the amount from Schedule R, line 24, to this line.

If this line is a net loss, complete and attach the 1994 form FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitation – Corporations, to Form 100S.

Line 17 – R&TC Section 23802(e) deduction

If the S corporation has a tax imposed on excess net passive income, a deduction is allowed against the net income taxed at the 1.5% rate. See the instructions for the “Excess Net Passive Income and Income Tax Worksheet,” on page 8, to determine if the S corporation is subject to the tax on excess net passive income. If a tax is shown on this worksheet, enter the amount of excess net passive income from line 8 of the worksheet on Form 100S, Side 1, line 17.

This NOL carryover may not exceed line 16 less line 17. Attach a copy of the 1993 form FTB 3805Q to Form 100S. If the full amount of the NOL carryover may not be deducted this year, complete and attach a 1994 form FTB 3805Q showing the computation of the NOL carryover to future years.

If line 16 less line 17 is a negative amount, S corporations may not claim an NOL carryover deduction. Enter zero on this line. See form FTB 3805Q instructions for the computation of the NOL carryover to future years.

No NOL carryover arising from a year in which an S corporation was a C corporation may be applied against the 1.5% tax. See IRC Section 1371(b)(1) and R&TC Section 23802(d). However, if the corporation terminates its S election, thus becoming a C corporation, then the prior year NOL carryover may be used to the extent it has not expired.

Note: NOL carryovers arising from a year in which the S corporation was a C corporation may be used in computing the tax on built-in gains.

If the S corporation has an enterprise zone, a program area, or the LARZ loss, enter the amount from form FTB 3805Z, Worksheet V or form FTB 3806, Worksheet V.

Line 19 – Disaster loss carryover deduction

If the corporation has a disaster loss carryover deduction, enter the total amount from Section B, column (e) of the 1994 FTB 3805Q.

Schedule K (100S) is a summary schedule of all the shareholders' shares of the S corporation's income, deductions, credits, etc. Schedule K-1 (100S) shows each shareholder's separate share of pass-through items and adjusted basis. Use federal Schedule K and Schedule K-1 (Form 1120S) as a basis for preparing California Schedule K and Schedule K-1 (Form 100S).

Attach one copy of each Schedule K-1 (100S) to the Form 100S filed with the FTB. Keep one copy of each Schedule K-1 (100S) for the S corporation's records, and give each shareholder a copy of Schedule K-1 (100S) on or before the day on which Form 100S is due.

Note: Be sure to give each shareholder a copy of either the Shareholder's Instructions for Schedule K-1 (100S) (included in this booklet) or specific instructions for each item reported on the shareholder's Schedule K-1 (100S).

Substitute forms

You do not need approval from the FTB to use a substitute Schedule K-1 (100S) if it is an **exact** facsimile of the California Schedule K-1 (100S), or if it contains only those lines the taxpayer is required to use, and the lines have the same numbers and titles and are in the same order as on the California Schedule K-1 (100S). In either case, your substitute schedule must include the Shareholder's Instructions for Schedule K-1 (100S) or other prepared specific instructions. For more information, get FTB Pub. 1098, Guidelines for the Use of Substitute and Reproduced Tax Forms.

General Instructions

In column (b) on Schedules K and K-1 (100S), enter the corresponding amounts from federal Schedules K and K-1 (Form 1120S). In column (c), enter the differences between the state and federal amounts. In column (d), enter the California amount, which is the result of combining column (b) and column (c).

If a husband and wife each had a separate interest in the S corporation, you must prepare a separate Schedule K-1 (100S) for each of them.

If a husband and wife held an interest together, prepare one Schedule K-1 (100S) if the two of them are considered to be one shareholder.

On each Schedule K-1 (100S), enter the name, address and identifying number of the shareholder and the S corporation and the shareholder's distributive share of each item. For an individual shareholder, enter the shareholder's social security number. For all other shareholders, enter their federal employer identification number.

Special reporting requirements for passive activities

If items of income (loss), deduction or credit from more than one activity are reported on Schedule K-1 (100S), the S corporation must attach a statement to Schedule K-1 (100S) for each activity that is a passive activity to the shareholder. Rental activities are passive activities to all shareholders. Trade or business activities are passive activities to shareholders who do not materially participate in the activity.

The attachment must include all the information explained in the instructions for federal Schedule K-1 (Form 1120S).

Specific Line Instructions

Items A and B (Schedule K-1 (100S) only)

See the instructions for Items A and C of federal Schedule K-1 (Form 1120S).

Item C (Schedule K-1 (100S) only)

Enter the S corporation's apportionment percentage from Schedule R, Apportionment and Allocation of Income, if applicable.

Item E (Schedule K-1 (100S) only)

Enter the basis computations for each shareholder. Show the beginning balance, all adjustments, and ending balance for each shareholder's stock basis, debt basis, and total basis in the S corporation.

Reminder: When entering California adjustments in column (c) of Schedule K (100S) or K-1 (100S), be sure to adjust for differences between federal and California amounts (or taxes), as applicable to individuals, for:

- built-in gains tax (Schedule D (100S));
- capital gains tax (Schedule D (100S)); and
- excess net passive income tax (Form 100S, Side 1, line 25).

This column must not be used to adjust for apportionment or allocation of income.

Income

Line 1 – Ordinary income (loss) from trade or business activities

Enter in column (c) any adjustments to ordinary income that do not need to be separately stated. Include in this column the adjustment to add back the minimum franchise tax or the 1.5% tax.

Line 2 – Net income (loss) from rental real estate activities

Enter the income and expenses of any rental real estate activities of the S corporation. If the S corporation has more than one rental real estate activity reported on these lines, attach a separate schedule or use Schedule K-1 (100S), line 22 to list the income or loss from each activity, plus any other information required under the rules for passive activities. Attach form FTB 3801, Passive Activity Loss Limitations, to Form 100S.

Lines 3a, 3b and 3c – Net income (loss) from other rental activities

Enter the income and expenses of other rental activities not listed on line 2 above. If the S corporation has more than one rental activity reported on these lines, attach a separate schedule listing the income or loss from each activity, plus any other information required under the rules for passive activities.

Line 4a through Line 4f – Portfolio income (loss)

Portfolio income (loss) is any gross income from interest, dividends, annuities or royalties that is not derived in the ordinary course of business. Portfolio income must be separately accounted for as such. Portfolio income also includes gains or losses from the sale or other disposition of property (other than an interest in a passive activity) producing portfolio income or held for investment.

Lines 4a, 4b and 4c – Interest, dividend and royalty income

Enter only taxable interest, dividend and royalty income that is portfolio income.

Line 4d and Line 4e – Net capital gain (loss)

Enter on line 4d and line 4e the amount of capital gains and losses that is portfolio income (loss). If any of the income (loss) is not portfolio income (loss), include it on line 6.

Line 4f – Other portfolio income (loss)

Enter any other portfolio income (loss) not entered on lines 4a through 4e.

Line 5 – Other gain (loss)

The amount for line 5 comes from Schedule D-1, Sales of Business Property. Do not include specially allocated ordinary gains and losses or net gains or losses from involuntary conversions due to casualties or thefts on this line. Instead, report them on line 6.

If the S corporation has more than one activity and the amount on line 5 is a passive activity amount to the shareholder, attach a statement to Schedule K-1 (100S) (or use Schedule K-1 (100S), line 22) to identify to which activity the IRC Section 1231 gain (loss) relates.

Line 6 – Other income (loss)

Enter any other item of income or loss not included on lines 1 through 5, such as:

- Wagering gains and losses. See IRC Section 165(d).
- Recovery of tax benefit items. See IRC Section 111.
- Any gain or loss where the S corporation was a trader or dealer in IRC Section 1256 contracts or property related to such contracts. See IRC Section 1256(f).
- Net gain (loss) from involuntary conversions due to casualty or theft.
- Loss(es) from qualified low-income housing projects for shareholders that are qualified investors.

Deductions**Line 7 – Charitable contributions**

Enter the total amount of charitable contributions made by the S corporation during its income year on Schedule K (100S) and each shareholder's distributive share on Schedule K-1 (100S). On an attachment to each schedule, separately show the dollar amount of contributions subject to each of the 50%, 30% and 20% of adjusted gross income limits.

A resident shareholder is allowed a deduction for contributions to a qualified organization as provided in IRC Section 170.

Line 8 – Expense deduction for recovery property

The amount of expense deduction for recovery property that can be claimed from all sources will vary depending on the type of property and the year of designation. For more information, see IRC Section 179 and R&TC Sections 17252.5 and 17265.

Line 9 – Deductions related to portfolio income (loss)

Enter on this line the deductions allocable to portfolio income (loss) other than interest expenses. Generally, these deductions are IRC Section 212 expenses and are subject to IRC Section 212 limitations at the shareholder level. However, interest expense related to portfolio income (loss) is generally investment interest expense and is reported on line 11a.

Investment Interest**Line 11a through Line 11b(2)**

These lines must be completed whether or not a shareholder is subject to the investment interest rules.

Line 11a – Interest expense on investment debts

Include on this line interest paid or accrued to purchase or carry property held for investment. Property held for investment includes property that produces

portfolio income (interest, dividends, annuities, royalties, etc.). Therefore, interest expense allocable to portfolio income should be reported on Schedules K and K-1 (100S), line 11a rather than Schedules K and K-1 (100S), line 9. Investment interest does not include interest expense allocable to a passive activity. A passive activity is a rental activity or a trade or business activity in which the shareholder does not materially participate.

Property held for investment includes a shareholder's interest in a trade or business activity that is not a passive activity to the shareholder and in which the shareholder does not materially participate. An example would be a shareholder's working interest in oil and gas property (i.e., the shareholder's interest is not limited) if the shareholder does not materially participate in the oil and gas activity.

The amount on line 11a will be reflected (after applying the investment interest expense limitations) by individual shareholders on their Schedule CA, California Adjustments.

For more information, get form FTB 3526, Investment Interest Expense Deduction.

Line 11b(1) and Line 11b(2) – Investment income and expenses

Enter on line 11b(1) only the investment income included on Schedules K and K-1 (100S), line 4a through line 4f. Enter on line 11b(2) only the investment expense included on Schedules K and K-1, line 9 (100S).

If there are items of investment income or expense included in the amounts that are required to be passed through separately to the shareholder on Schedule K-1 (100S) (items other than the amounts included on Schedule K-1 (100S), line 4a through line 4f and line 9, give each shareholder a schedule identifying these amounts.

Investment income includes gross income from property held for investment, gain attributable to the disposition of property held for investment and other amounts that are gross portfolio income. Investment income and investment expenses do not include any income or expenses from a passive activity.

Property subject to a net lease is not treated as investment property because it is subject to the passive loss rules. Do not reduce investment income by losses from passive activities.

Investment expenses are deductible expenses (other than interest) directly connected with the production of investment income.

For more information get form FTB 3526.

Tax Credits**Line 12a – Low-income housing credit**

R&TC Section 23610.5 provides a credit that may be claimed by owners of residential rental projects providing low-income housing. The credit is generally effective for buildings placed in service after 1986. If the shareholders are eligible to claim the low-income housing credit, attach a copy of form FTB 3521, Low-Income Housing Credit, to Form 100S and to each shareholder's Schedule K-1 (100S).

Line 12b – Other credits related to rental real estate activities

Report any information that the shareholder needs to figure credits related to a rental real estate activity other than the low-income housing credit. Attach to each shareholder's Schedule K-1 (100S) a schedule showing the amount to be reported and the form on which the amount should be reported.

Line 12c – Credits related to other rental activities

Use this line to report information that the shareholder needs to figure credits related to a rental activity other than a rental real estate activity. Attach to each shareholder's Schedule K-1 (100S) a schedule showing the amount to be reported and the form on which the amount should be reported.

Line 13 – Other credits

Enter on an attached schedule each shareholder's allocable share of any credit or credit information reported on Schedule C (100S) that is related to a trade or business activity.

The following are examples of credits that may apply to each shareholder:

- enterprise zone and program area hiring/sales and use tax credit (get form FTB 3805Z);
- Los Angeles Revitalization Zone (LARZ) hiring/sales and use tax credit (get form FTB 3806);
- jobs credit (get form FTB 3524);
- employer child care program/contribution credit (get form FTB 3501); or
- research credit (get form FTB 3523).

Adjustments and Tax Preference Items**Line 14a through Line 14e**

Enter the items of income and deductions that enter into each shareholder's computation of adjustments and tax preference items. A shareholder with alternative minimum tax items may be required to file Schedule P (540, 540NR or 541), Alternative Minimum Tax and Credit Limitations.

For more information, get the instructions for federal Schedules K and K-1 (Form 1120S), Adjustments and Tax Preference Items, line 14a through line 14e.

Other State Taxes**Line 15a through Line 15e**

Subject to certain conditions, shareholders may claim a credit against their individual tax for net income taxes paid by the S corporation to another state which either taxes the corporation as an S corporation or does not recognize S corporation status. For purposes of this credit, net income taxes include the shareholder's share of taxes on, according to, or measured by income. Enter the name of the other state(s), the income reported to the other state(s) and the amount of tax paid. Attach a copy of the return filed with the other state.

Residents are taxable on all their pro rata share of income and generally receive a credit for taxes paid to other states. Nonresidents must use the apportionment factor shown on Schedule K-1 (100S), Item C, to apportion their pro rata share of pass-through income to California. For more information, see R&TC Sections 18001, 18002 and 18006.

Other Items**Line 16a through Line 21**

Refer to the instructions for federal Schedules K and K-1 (Form 1120S).

Supplemental Information**Line 22 (Schedule K-1 only)**

Any nonbusiness items on the S corporation's Schedule R must be explained and identified as non-business on this line so nonresident or part-year resident shareholders can prepare their returns.

If the S corporation completed the credit recapture portion of:

- FTB 3501, Employer Child Care Program/Contribution Credit;
- FTB 3518, Employer Ridesharing Credits;
- FTB 3805Z, Worksheet II, Hiring Credit Enterprise Zone and Program Areas; or
- FTB 3806, Los Angeles Revitalization Zone (LARZ) Hiring Credit;

include the recapture amount on line 22.

Schedule L

Line 23

Retained earnings include balances in the accumulated adjustments account (AAA), the other adjustments account, and other retained earnings.

Schedule M-2

The computation of the California AAA and other adjustments account is similar to the federal computation applying California amounts. Get the instructions for federal Form 1120S and IRC Section 1368 for additional information.

Column (a) – The AAA is an account of the S corporation that generally reflects the accumulated undistributed net income of the corporation for the corporation's post-1986 years. S corporations with accumulated earnings and profits (E&P) must maintain the AAA to determine the tax effect of distributions during S years and the post-termination transition period. An S corporation without accumulated E&P does not need to maintain the AAA in order to determine the tax effect of distributions. However, if an S corporation without accumulated E&P engages in certain transactions to which IRC Section 381(a) applies, such as a merger into an S corporation with accumulated E&P, the S corporation must be able to calculate its AAA at the time of the merger for purposes of determining the tax effect

of post-merger distributions. Therefore, it is recommended that all S corporations maintain the AAA account.

At the end of the income year the AAA is determined by taking into account all items of income, loss and deductions for the income year (including nondeductible losses and expenses which are not capitalized but excluding exempt income and state taxes attributable to C years). After the year-end income and expense adjustments are made, the account is reduced by distributions made during the income year.

Note: The AAA may have a negative balance at year end.

Column (b) – The other adjustments account is adjusted for tax-exempt income (and related expenses) of the S corporation. After adjusting for tax-exempt income, the account is reduced for any distributions made during the year.

Column (c) – Other retained earnings include appropriated and unappropriated retained earnings accumulated in prior years when the S corporation was a C corporation. Line 1, column (c) for the first S corporation return will be the sum of the ending balances of appropriated and unappropriated retained earnings for the previous year. Any dividend distributions should be entered on line 5, column (c).

Distributions

Generally, property distributions (including cash) are applied in the following order to reduce accounts of the S corporation that are used to compute the tax effect of distributions made by the S corporation to its shareholders:

1. Reduce AAA (but not below zero). If distributions during the income year exceed the AAA at the close of the income year, the AAA is allocated pro rata to each distribution made during the year. (IRC Section 1368(c))

2. Reduce accumulated E&P. Generally, the S corporation has accumulated E&P only if it has not distributed E&P accumulated in prior years when the S corporation was a C corporation (IRC Section 1361(a)(2)). The only adjustments that can be made to the accumulated E&P of an S corporation are:

- a. reductions for dividend distributions;
- b. adjustments for redemptions, liquidations, reorganizations, etc.; and
- c. reductions for R&TC Section 24356.2, Section 24356.3 or Section 24356.4 property income recapture (relating to additional depreciation deduction for program areas, enterprise zones and LARZ) for which the S corporation is liable.

3. Reduce the other adjustment account.

4. Reduce any remaining shareholders' equity account.

Note: Shareholders' previously taxed income (PTI) (Column (c), federal Form 1120S, Schedule M-2, 1120S) — California S corporations will **never** have undistributed PTI. The federal code section which created PTI was removed from the Internal Revenue Code before California incorporated the federal S corporation provisions into the Revenue and Taxation Code.

C corporation E&P

Check the box below Schedule M-2, line 9, if the S corporation was a C corporation in a prior year(s) and has C corporation E&P at the end of the income year. For this purpose, C corporation E&P means E&P of any S corporation for any income year when it was not an S corporation. If the S corporation has C corporation E&P, it may be liable for excess net passive income tax and the distributions to shareholders may have different tax consequences for federal and California purposes. See instructions for Form 100S, Side 1, line 24 and line 25, for details on these taxes.

1994 Instructions for Form FTB 3805Q

Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations – Corporations

References in these instructions are to the Internal Revenue Code (IRC) as of **January 1, 1993**, and to the California Revenue and Taxation Code (R&TC).

Important Law Change

There are two new types of net operating losses (NOL). Taxpayers starting a new business after December 31, 1993, or an eligible small business incurring a loss for an income year beginning on or after January 1, 1994, with total business receipts of less than \$1 million, can carry 100% of a NOL to subsequent years. See Section A for more information.

R&TC Section 24416(a)(2) disallows the carryover of net operating losses sustained in taxable years beginning before January 1, 1987. Therefore, qualified loss carryovers from a new small business or farming activity incurred in 1984 through 1986 are no longer deductible.

General Information

A Purpose of Form

Use form FTB 3805Q to figure the current year NOL and to limit NOL and disaster loss carryover deductions.

The California NOL is figured the same way as the federal NOL, except that for California:

- an NOL may be carried over only to future years (no carrybacks are allowed); and
- the carryover period and percentages differ from federal allowances.

Only a portion of the NOL may be eligible for carryover to future years because California has established different categories of NOL. The following table shows the percentages and carryover periods for the various kinds of losses.

Type of NOL	NOL That Can Be Carried Over	Carryover Period
General NOL	50%	5 Years
New Business – 1/1/94		
NOL Incurred:		
Year 1	100%	8 Years
Year 2	100%	7 Years
Year 3	100%	6 Years
Eligible Small Business Gross receipts < \$1 million	100%	5 Years
Taxpayer in Title 11 Bankruptcy	50%	10 Years
Disaster Losses	100% 50%	5 Years 10 Years

B Apportioning Corporations

The loss carryover for a corporation that apportions income is the amount of the corporation's loss, if any, after adding income or loss apportioned to California to income or loss allocable to California under Chapter 17 of the Bank and Corporation Tax Law. The loss carryover may be deducted from income apportioned and allocable to California in subsequent years.

C Combined Reporting

Corporations that are members of a unitary group filing a single return must use intrastate apportionment, separately computing the loss carryover for each corporation in the group using their individual apportionment factors (R&TC Section 25108). Complete a separate form FTB 3805Q for each taxpayer included in the combined report.

Unlike the loss treatment for a federal consolidated return, a California loss carryover for one member in a combined report may not be applied to the income of another member included in the combined report. Get FTB Pub. 1061, Guidelines for Corporations Filing a Combined Report, for more information.

D Water's-Edge

Each taxpayer's NOL carryover is limited to the amount determined by recomputing the income and factors of the original worldwide combined reporting group as if the water's-edge election had been in force for the year of the loss. The carryover may not be increased as a result of the recomputation.

E S Corporations

An S corporation is allowed to carry over a loss that is incurred during a year in which it has in effect a valid election to be treated as an S corporation. The loss is also passed through to the shareholders in the year incurred and is taken into account in determining each shareholder's NOL carryover, if any.

If a corporation changes from a C corporation to an S corporation, the loss incurred while the corporation was a C corporation may not be applied to offset income subject to the 1.5% tax imposed on an S corporation. However, losses incurred while the corporation was a C corporation may be applied against the built-in gains and excess net passive income which is subject to tax. If the corporation incurred losses while it was a C corporation and an S corporation, the corporation must complete two forms FTB 3805Q and attach them to Form 100S, S Corporation Franchise or Income Tax Return. The unused losses incurred while the corporation was a C corporation are "suspended" except as provided for above until the S corporation reverts back to a C corporation or the carryover expires.

Specific Line Instructions

Part I

Use Part I of this form to figure the current year NOL, if any, eligible for carryover.

Line 1 – Enter the net loss from Form 100, line 18 or Form 109, line 2. S corporations enter the combined amount from Form 100, line 16 and line 17. If that combined amount results in a net loss enter the amount as a positive number.

Line 2 – If the corporation incurred a disaster loss during 1994, enter the amount of the loss on this line. Enter as a positive number.

Line 3 – Subtract line 2 from line 1 and enter the amount here, then go to line 4a. If the amount is less than zero, enter -0- here, (the corporation does not have an NOL), skip line 4 and go to Part II for computation of carryovers.

Line 7 – If you have operating losses from more than one source, assign the computed loss to the correct Section. For 1994 Disaster Losses and General NOLs, complete Part II, columns (a), (b), (c), and (g) only.

Part II

Use Part II to limit loss carryover deductions to current year income and to record all of the corporation's loss carryover information.

If the corporation has losses from more than one source and/or more than one category, the corporation must compute the allowable NOL carryover for **each** loss separately.

There is no requirement to deduct NOL carryovers before disaster loss carryovers.

Section A – General NOL carryover means the general NOL available as a result of a loss incurred in years after 1986 under R&TC Section 24416. The carryover period for these NOLs is 5 years (6 years for losses incurred in 1991, 7 years for losses incurred from 1987 through 1990). 1994 is the 7th and final carryover year for General NOLs incurred in 1987.

Note: If the corporation has a current year NOL loss under R&TC Section 24416.2 (relating to enterprise zone, program area or LARZ NOLs), it must **elect** to carry over the loss under that section or under R&TC Section 24416 (relating to general NOLs). The election is irrevocable. Get form FTB 3805Z or form FTB 3806, for more information.

Section B – Disaster loss carryover is a casualty loss in a certain area of California declared by the President of the United States or the Governor of California to be in a state of disaster and that has had special legislation enacted to authorize such relief (R&TC Section 24347.5).

If a specified disaster loss exceeds income in the year it is claimed, 100% of the excess may be carried over for up to 5 income years. If any of the excess loss remains

after the 5-year period, 50% of that remaining loss may be carried over for up to 10 additional years.

Following is a list of events that have had special legislation enacted:

Year	Code	Event
1994	14	San Luis Obispo fire and other related casualties.
1994	13	Los Angeles, Orange, and Ventura County Earthquake and related casualties.
1993	12	Storms, floods and other related casualties.
1992	11	Wildfires and other related casualties in Calaveras and Shasta Counties.
1992	10	San Bernardino County earthquake and other related casualties.
1992	9	Riots, arson and related casualties in California during April and May.
1992	8	Humboldt County earthquake and related casualties.
1992	7	Storms, floods and other related casualties.
1991	6	Oakland/Berkeley fire and other related casualties.
1990	5	Santa Barbara fires and other related casualties.
1989	4	Bay Area earthquake and other related casualties.
1987	3	Forest fires, October earthquake and other related casualties.
1986	2	Storms, floods, and other related casualties.
1985	1	Forest fires and related casualties.

Section C – New business means any entity starting business activities in California on or after January 1, 1994. Taxpayers may carry 100 percent of an NOL incurred in the first 3 years of operation over an extended period. The carryover period for losses incurred during the first year of business activity is 8 years; during the second year is 7 years; and during the third year is 6 years. A new business does not include any business activity that was used in any predecessor trade or business conducted by the taxpayer or that was conducted by any other taxpayer.

Note: Taxpayers who incurred losses from more than one "new business" activity must compute the allowable carryover for **each** loss in Section C.

Section D – Eligible Small Business carryover means an NOL incurred in an income year beginning on or after January 1, 1994, by a taxpayer having gross receipts less than \$1 million. Taxpayers are allowed to carry over 100 percent of the computed net operating loss for a period of up to 5 years.

Section E – Title 11 bankruptcy means NOLs incurred from 1987 through 1993 by taxpayers who were under the jurisdiction of the court in Title 11 bankruptcy proceedings **prior** to January 1, 1994. The allowable deduction is 50 percent of the computed loss. The carryover period is 10 years and applies to each of the 10 taxable years following the year of the loss. This provision does not apply to any loss incurred in a year when the taxpayer is not under the jurisdiction of the bankruptcy court.

Column (a) – Enter the year(s) the loss was incurred, earliest year first.

Column (b) – If the loss is due to a disaster, enter the disaster code from the list above. If the loss is from a New Business or Eligible Small Business, enter the Principal Business Code from Question H of Form 100 or Form 100S. If the loss was from a pass-through entity, enter the entity's F.E.I.N. number from Schedule K-1.

Column (c) – Enter the amount of the initial loss for the year given in Column (a).

Column (d) – Enter the carryover amount from the 1993 form FTB 3805Q, Limitations — Corporations, Part II, column (e).

Column (e) – Enter the smaller of the amount in column (d) or the amount in column (f) of the previous line.

Column (f) – Enter the result of subtracting column (e) from the balance in column (f) of the previous line.

Column (g) – Subtract the amount in column (e) from the amount in column (d) and enter the result. For 1994 General NOLs, enter the amount from Part I, line 6 in Section A. For 1994 Disaster losses, enter the amount from Part I, line 1 if line 3 is zero; otherwise enter the line 2 amount in Section B.

General Information

A Purpose of Form

When an S corporation has one or more shareholders who are nonresidents of California, or a trust with a nonresident fiduciary, use form FTB 3830 to:

- list the names and social security numbers or federal identification numbers of all shareholders; and
- obtain the signature of each nonresident shareholder or fiduciary evidencing consent to the jurisdiction of California to tax their pro rata share of income attributable to California sources.

B Nonresidents Who Must File a California Return

If you are a nonresident shareholder, in addition to form FTB 3830, you may also need to file Form 540NR, California Nonresident or Part-Year Resident Income Tax Return. Form 540NR must be filed if you had income from California sources and:

- you were single or unmarried in 1994 and your gross income from all sources was more than \$8,000; or adjusted gross income from all sources was more than \$6,000; or
- you were married in 1994, and you and your spouse had a combined gross income

from all sources, of more than \$16,000; or adjusted gross income from all sources of more than \$12,000, or

- if you owe \$1 or more of tax.

C Group Nonresident Shareholder Return

Nonresident shareholders of an S corporation doing business in California may elect to file a group nonresident return using Form 540NR. For more information, get FTB Pub. 1067, Guidelines for Filing a Group Form 540NR for Nonresident Shareholders of an S Corporation.

Shareholder's Instructions for Schedule K-1 (100S)

For S Corporation Shareholder's Use Only

References in these instructions are to the Internal Revenue Code (IRC) as of January 1, 1993 and to the California Revenue and Taxation Code (R&TC).

Purpose of Schedule K-1 (100S)

The S corporation uses Schedule K-1 (100S) to report to you your share of the S corporation's income, deductions, credits, etc. Please keep it for your records.

Although the S corporation is subject to various taxes, you, the shareholder, are liable for the income tax on your share of the S corporation's income, whether or not distributed, and you must include your share on your individual tax return.

The amount of losses and deductions that you may claim on your individual tax return may be less than the amount reported on Schedule K-1 (100S). Generally, the amount of losses and deductions you may claim is limited to your basis in the S corporation and the amount for which you are considered at risk. If the S corporation has losses, deductions or credits from a passive activity, you must also apply the passive activity rules. It is your responsibility to consider and apply any applicable limitations. See Limitations on Losses, Deductions and Credits. Use these instructions to help you report the items shown on Schedule K-1 (100S) on your California tax return.

For the line items where "attach schedule" appears, the S corporation should have provided additional information applicable to that line or the S corporation should have made an entry on Side 2, line 22.

The S corporation's California apportionment percentage from Schedule R, Apportionment and Allocation of Income, is found in Item C. Nonresident or part-year resident shareholders must use this percentage to figure their portion of the S corporation's business income from California sources. For more information, see Supplemental Information, line 22.

Item E shows your adjusted basis in the S corporation.

Line 1 through Line 21

If you are an individual shareholder, take the amounts in column (c) that are from nonpassive activities and enter these amounts on the appropriate form or schedule as explained in these instructions.

Report the amounts in column (d) that are from passive activities on the California form or schedule where they are normally reported. Bring the total amounts figured on the appropriate California form or schedule to form FTB 3801, Passive Activity Loss Limitations, to figure the amount of your passive activity loss limitation. Then transfer the passive activity loss back to the form or schedule it is normally reported on to figure your California adjustment amount. Enter this adjustment amount on the corresponding line of Schedule CA (540 or 540NR), California Adjustments, or Form 541.

If there is no California schedule or form to figure your passive activity loss adjustment amount on (i.e., rental loss from passive activities), you may figure the adjustment amount on the California Adjustment Worksheet in the instructions for form

FTB 3801. Enter the total of your adjustments from all passive activities from line 1 and line 2 of this worksheet on Schedule CA (540 or 540NR), as applicable.

If you have losses, deductions, credits, etc., from a prior year that were not deductible or usable because of certain limitations, such as the at-risk rules, they may be taken into account in determining your net income, loss, etc., for this year. However, do not combine the prior year amounts with any amounts shown on this Schedule K-1 (100S) to get a net figure to report on any supporting schedules, statements or forms attached to your return. Instead, report the amounts on an attached schedule, statement or form on a year-by-year basis.

Line 1 through Line 3

The amounts shown on lines 1 through 3 reflect your share of income or loss from the S corporation's business or rental operations without reference to your limitations on losses or adjustments that may be required because of:

- the adjusted basis of your S corporation interest;
- the amount for which you are at risk as determined under IRC Section 465; and
- the passive activity limitations of IRC Section 469.

See the federal Schedule K-1 (Form 1120S) instructions for lines 1 through 3 for more information.

Limitations on Losses, Deductions and Credits

Basis rules

Generally, you may not claim your share of the S corporation loss (including capital loss) that is larger than the adjusted basis of your shareholder interest at the end of the S corporation's income year. Your total year-end adjusted basis is shown in Item E.

Basis is increased by:

1. All income (including tax-exempt income) reported on Schedule K-1 (100S).

Note: Taxable income must be reported on your tax return (if a return is required) for it to increase your basis.

2. Money and adjusted basis in property contributed to the corporation.
3. The excess of the deduction for depletion over the basis of the property subject to depletion.

Basis is decreased by:

1. Property distributions made by the corporation (excluding dividend distributions reported on Form 1099-DIV and distributions in excess of basis) reported on Schedule K-1 (100S), line 20.
2. All losses and deductions (including nondeductible expenses) reported on Schedule K-1 (100S).

These items are not a complete list of factors that determine basis.

At-risk rules

Generally, if you have (1) a loss or other deduction from an activity carried on as a trade or business or for the production of income by the corporation and (2) amounts in the activity for which you are not at risk, you will have to complete federal Form 6198, At-Risk Limitations, to figure the allowable loss to report on your return. For California purposes, you must complete federal Form 6198 using California amounts.

The at-risk rules generally limit the amount of loss (including loss on disposition of assets) and other deductions (such as IRC Section 179 or R&TC Sections 17252.5 and 17265 deductions), that you may claim, to the amount you could actually lose in the activity. See the federal Schedule K-1 (Form 1120S) instructions for At-Risk Limitations for more information.

Passive activity limitations

Caution: During 1993 the U.S. Congress made several changes to the passive activity loss provisions of the Internal Revenue Code. At the time this form went to press, California had not conformed to those changes.

California tax law conforms to prior federal IRC Section 469 rules that limit the deduction of certain losses and credits.

These rules apply to shareholders who:

- are individuals, estates or trusts; and
- have a loss or credit from a passive activity.

A passive activity is generally a rental activity, or a trade or business activity in which the shareholder does not materially participate.

If you have a loss or deductions from a passive activity, you will need to complete form FTB 3801 to figure the allowable amounts to report on your individual return. You will also need to complete form FTB 3801 if you have passive activity income from this S corporation and passive activity loss or deduction from another source.

The amounts reported on line 2 and line 3 of Schedule K-1 (100S) are from rental activities of the S corporation and are generally passive activity income (loss) to all shareholders.

There is an exception to this rule for losses incurred by qualified investors in qualified low-income housing projects. The S corporation will identify any of these qualified amounts on an attachment for line 2.

California Adjustment

Use this column to account for your proportionate share of the differences in the computation of federal and California income.

The major items are:

- California minimum franchise tax;
- depreciation expense due to different basis of the assets;
- gain or loss on sale of assets due to the effects of different depreciation methods or basis; and
- government bond interest income:

- a) U.S. bond interest is taxable for federal purposes but not for California purposes; and
- b) state bond interest (other than from California bonds) is taxable for California purposes but not for federal purposes.

Income

Line 1 – Ordinary income (loss) from trade or business activities

The amount reported for line 1, column (d), is your share of the ordinary income (loss) from the trade or business activities of the S corporation. Generally, where you report this amount on Form 540, Form 540NR or Form 541 depends on whether or not the amount is from an activity that is a passive activity to you.

If, in addition to this passive activity income, you have a passive activity loss from this S corporation or from any other source, report the line 1, column (d), income on form FTB 3801.

If a loss is reported on line 1, column (d), report the loss on the applicable line of form FTB 3801 to determine how much of the loss is allowable.

Line 2 – Net income (loss) from rental real estate activities

Generally, the income (loss) reported on line 2, column (d), is a passive activity amount to all shareholders. There is an exception, however, for losses from a qualified low-income housing project. The loss limitations do not apply to qualified investors in qualified low-income housing projects. The S corporation will have attached a schedule for line 2 to identify such amounts, if applicable. You will have to report the California adjustment amount from column (c) on Schedule CA (540 or 540NR).

Use the following instructions to determine where to enter a line 2 amount.

- If you have a loss on line 2, column (d) (other than a qualified low-income housing project loss), enter this passive activity loss on the applicable line of form FTB 3801 to determine how much of the loss is allowable.

Note: If you are a qualified investor reporting a qualified low-income housing project loss, report the California adjustment amount from column (c) directly on Schedule CA (540 or 540NR).

- If you have income on line 2, column (d), and no passive losses, enter the California adjustment from column (c) on Schedule CA (540 or 540NR).

Line 3 – Net income (loss) from other rental activities

The amount on line 3, column (d), is a passive activity amount for all shareholders.

- If line 3, column (d), is a loss, report the loss on the applicable line of form FTB 3801.
- If income is reported on line 3, column (d), and you have no passive losses, report the California adjustment from column (c) on Schedule CA (540 or 540NR).

Line 4 – Portfolio income (loss)

Income (loss) referred to as “portfolio” income (loss) in these instructions is not part of a passive activity subject to the rules of IRC Section 469. Portfolio income includes income not derived in the ordinary course of a trade or

business from interest, dividends, annuities or royalties and gain (loss) on the sale of property that produces these types of income or is held for investment. If you have amounts on Schedule K-1 (100S), lines 4a through 4f, report these amounts as follows:

- line 4a, column (c) – Report on Schedule CA (540 or 540NR), line 8 whichever column is applicable;
- line 4b, column (c) – Report on Schedule CA (540 or 540NR), line 9 whichever column is applicable;
- line 4c, column (c) – Report on Schedule CA (540 or 540NR), line 17 whichever column is applicable;
- line 4d and line 4e, column (d) – Report on Schedule D; and
- line 4f, column (d) – Report on the applicable schedule.

Caution: Generally, amounts reported on line 4d and line 4e are gains or losses attributable to the disposition of property held for investment and are therefore classified as portfolio income (loss). If, however, an amount reported on line 4d or line 4e, column (d), is a passive activity amount, the S corporation should identify the amount.

The S corporation uses line 4f, column (d), to report portfolio income other than interest, dividend, royalty and capital gain (loss) income. A statement will be attached to tell you what kind of portfolio income is reported on line 4f, column (d).

Line 5 – Net gain (loss)

If the amount on line 5 relates to a rental activity, the IRC Section 1231 gain (loss) is a passive activity amount.

- If the amount is not a passive activity amount to you, report it on Schedule D-1, Sales of Business Property, line 2, column (g) or column (h), whichever is applicable. You do not have to complete the information called for in columns (b) through (f). Write “From Schedule K-1 (100S)” across these columns.
- If a gain is reported on line 5, column (d), and it is a passive activity amount to you, report the gain on Schedule D-1, line 2, column (h), and be sure to refer to “Passive Loss Limitations” on page 1 of the instructions for Schedule D-1.
- If a loss is reported on line 5, column (d), and it is a passive activity amount to you, refer to “Passive Loss Limitations” on page 1 of the instructions for Schedule D-1. You will need to use form FTB 3801 to determine how much of the loss is allowed on Schedule D-1.

Line 6 – Other income (loss)

Amounts on this line are other items of income, gain or loss not included on lines 1 through 5. The S corporation should give you a description of your share for each of these items.

Report loss items that are passive activity amounts to you on form FTB 3801.

Report income or gain items that are passive activity amounts to you as instructed below. If, in addition to this passive activity income or gain, you have passive activity losses from any other source, also report the passive activity income or gain on form FTB 3801.

Line 6 items may include the following.

- S corporation gains from the disposition of farm recapture property (refer to Schedule D-1) and other items to which IRC Section 1252 applies;
- Recovery of bad debts, prior taxes and delinquency amounts (IRC Section 111). Report the amount from line 6, column (c), on Schedule CA (540 or 540NR), line 22 whichever column is applicable;
- Gains and losses from gambling (IRC Section 165(d));
- Any income, gain or loss to the S corporation under IRC Section 751(b). Report this amount on Schedule D-1, line 10;
- Specially allocated ordinary gain (loss). Report this amount on Schedule D-1, line 10; and
- Net gain (loss) from involuntary conversions due to casualty or theft. The S corporation will give you a schedule that shows the California amounts to be entered on federal Form 4684, Casualties and Thefts, line 34, column (b)(i), column (b)(ii) and column (c).

Deductions

Line 7 – Charitable contributions

The S corporation will give you a schedule that shows which contributions were subject to the 50%, 30% and 20% limitations. For more information, refer to the federal Form 1040 instructions.

If there is an amount on Schedule K-1 (100S), line 7, column (c), enter this amount on Schedule CA (540 or 540NR), line 36.

Line 8 – Expense deduction for recovery property

The maximum amount of expense deduction for recovery property (IRC Section 179 deduction) that you may claim from all sources is \$10,000. The S corporation will give you information on your share of the cost of the S corporation’s IRC Section 179 property so that you can compute this limitation. Your IRC Section 179 deduction is also limited to your taxable income from all your trades or businesses. See form FTB 3885A, Depreciation and Amortization Adjustments, and federal Publication 534, Depreciation, for more information.

If the S corporation reported R&TC Sections 24356.2, 24356.3 or 24356.4, enterprise zone, program area or LARZ business expense deduction on this line, complete form FTB 3805Z or form FTB 3806, to report your pro rata share.

Line 9 – Deductions related to portfolio income (loss)

Amounts entered on this line are the expenses (other than investment interest expense and expenses from a REMIC) paid or incurred to produce portfolio income. If you have an amount on Schedule K-1 (100S), line 9, column (c), enter this amount on Schedule CA (540 or 540NR), line 36. If, however, any line 9 amount should not be reported on Schedule CA (540 or 540NR), the S corporation will identify that amount for you.

Line 10 – Other deductions

Amounts on this line are other deductions not included on lines 7 through 9. If there is an amount on Schedule K-1 (100S), line 10, column (c), enter this amount on the applicable line of Schedule CA (540 or 540NR).

Investment Interest

Line 11a and Line 11b

If the S corporation paid or accrued interest on debts it incurred to buy or hold investment property, the amount of interest you can deduct may be limited.

For more information and the special provisions that apply to investment interest expense, get form FTB 3526, Investment Interest Expense Deduction, and the federal Publication 550, Investment Income and Expenses.

Line 11a – Interest expense on investment debts

Enter the amount from column (d) on form FTB 3526 along with your investment interest expense from other sources. Form FTB 3526 will help you determine how much of your total investment interest is deductible.

Line 11b(1) and line 11b(2) – Investment income and investment expenses

Use the column (d) amounts on these lines to determine the amount to enter on form FTB 3526, line 4.

Caution: The amounts shown on line 11b(1) and line 11b(2) include only investment income and expenses included on line 4 and line 9 of this Schedule K-1 (100S). The S corporation should attach a schedule that shows you the amount of any investment income and expenses included in any other lines of your Schedule K-1 (100S). Use these amounts, if any, to adjust line 11b(1) and line 11b(2) to determine your total investment income and total investment expenses from this S corporation. Combine these totals with investment income and expenses from all other sources to determine the amount to enter on form FTB 3526, line 4.

Tax Credits

Line 12a – Low-income housing credit

Your share of the S corporation's low-income housing credit is shown on line 12a, column (d). Any available credit is entered on form FTB 3521, Low-Income Housing Credit. To claim this credit, attach a copy of form FTB 3521 to your return.

Caution: You may not claim the low-income housing credit on any qualified low-income housing project for which any person was allowed any benefit under Section 502 of the federal Tax Reform Act of 1986.

For more information, see the instructions for line 13.

Line 12b – Other credits related to rental real estate activities

If applicable, the S corporation will use this line, through an attached schedule, to give you the information you need to compute credits related to rental real estate activities other than the low-income housing credit.

For more information, see the instructions for line 13.

Line 12c – Credits related to other rental activities

If applicable, the S corporation will use this line, through an attached schedule, to give you the information you need to compute credits related

to rental activities other than rental real estate activities.

For more information, see the instructions for line 13.

Line 13 – Other credits

If applicable, the S corporation will use this line, through an attached schedule, to give you the information you need to compute credits related to a trade or business activity.

Credits that may be reported on line 12c or line 13 (depending on the type of activity they relate to) include but are not limited to:

- enterprise zone/program area hiring/sales and use tax credit (FTB 3805Z);
- Los Angeles Revitalization Zone (LARZ) hiring/sales and use tax credit (FTB 3806);
- jobs credit (FTB 3524);
- research credit (FTB 3523); or
- research credit for start-up companies (FTB 3505).

Note: The passive activity limitations of IRC Section 469 may limit the amount of credits on lines 12a, 12b, 12c and 13 that you may take. Credits on lines 12a, 12b and 12c are related to the rental activities of the S corporation and are passive activity credits to all shareholders. Credits on line 13 are related to the trade or business activities of the S corporation and may be passive activity credits to shareholders who do not materially participate.

In general, except to the extent phase-in relief is available, credits from passive activities are limited to tax attributable to passive activities. The following credits on line 13 may be limited under the passive activity credit rules:

- jobs credit; and
- research credit.

If you have an amount on line 12b or if the amount on line 13 is either of the two credits listed above, enter the amount in column (d) on form FTB 3801-CR, Passive Activity Credit Limitations, to figure the amount of the credit that may be limited under the passive activity credit limitations.

Adjustments and Tax Preference Items

Line 14a through Line 14e

Use the information reported on lines 14a through 14e (as well as adjustments and tax preference items from other sources) to prepare Schedule P (540, 540NR or 541), Alternative Minimum Tax and Credit Limitations.

For more information, get federal Schedule K-1 (Form 1120S) instructions for Adjustments and Tax Preference Items.

Other State Taxes

Line 15a through Line 15e

You may claim a credit against your individual tax for your share of net income taxes paid by the S corporation to certain other states which either tax the corporation as an S corporation or do not recognize S corporation status. For purposes of this credit, net income taxes include your share of taxes on, according to, or measured by income.

Residents are taxed on their distributive share of income and receive a credit for taxes paid to other states. Nonresidents, and part-year residents use the apportionment percentage shown in Item C to apportion your pro rata share of pass-through income.

For more information, get California Schedule S, Other State Tax Credit.

Other Items

Line 16a through Line 19

Refer to the instructions for federal Schedule K-1 (Form 1120S).

Line 20

Reduce your basis in stock of the S corporation by the distributions on line 20. If these distributions exceed your basis in stock, the excess is treated as gain from the sale or exchange of property and is reported on Schedule D.

Line 21

If the line 21 payments are made on indebtedness with a reduced basis, the repayments result in income to you to the extent the repayments are more than the adjusted basis of the loan. See IRC Section 1367(b)(2) for information on reduction in basis of a loan and restoration of basis of a loan with a reduced basis. See federal Revenue Ruling 64-162, 1964-1 C.B. 304 and federal Revenue Ruling 68-537, 1968-2 C.B. 372, for more information.

Supplemental Information

Line 22

Nonresidents and part-year residents, apply the S corporation's apportionment percentage from Item C to all items listed except those identified as nonbusiness.

If the S corporation listed any credit recapture on this line, see your tax booklet for information on how to report the credit recapture.
