# Instructions for Schedule CA (540NR)

These instructions are based on the Internal Revenue Code (IRC) as of **January 1, 1998**, and the California Revenue and Taxation Code (R&TC).

## General Information

### Differences Between California and Federal Law

In general, California tax law conforms to the Internal Revenue Code (IRC) as of January 1, 1998. However, there are continuing differences between California and federal tax law. California has not conformed to the changes made to the IRC by the federal Internal Revenue Service (IRS) Restructuring and Reform Act of 1998 (Public Law 105-206) and the Tax and Trade Relief Extension Act of 1998 (Public Law 105-277).

California law is different from federal law in the following areas:

**IRC Section 179 expense deduction.** The California maximum deduction is \$16,000; the federal maximum deduction is \$18,500. In many cases, this difference also affects the California basis and depreciation deduction for qualifying assets. Use form FTB 3885A, Depreciation and Amortization Adjustments, to figure the adjustment.

**IRC Section 197 property.** Property qualifying as Section 197 property for federal purposes is also Section 197 property for California purposes. However, for qualifying property acquired before January 1, 1994, the California adjusted basis as of January 1, 1994, must be amortized over the remaining federal amortization period. Use form FTB 3885A to figure the adjustment.

**Material participation in rental real estate activities.** Beginning in 1994, and for federal purposes only, rental real estate activities conducted by persons in a real property business are not automatically treated as passive activities. Get form FTB 3801, Passive Activity Loss Limitations, for more information.

**Excluded gain on the sale of qualified small business stock held for more than 5 years.** Get FTB Pub. 1001, Supplemental Guidelines to California Adjustments.

**Roth IRAs.** See instructions for Column B and Column C, line 15.

**Self-employed health insurance deduction.** The California deduction for health insurance costs of self-employed individuals is 40%; the federal deduction is 45%. See the instructions for Column B and Column C, line 28.

## Purpose

Use this schedule to identify income being taxed by California; and to compute the ratio of your **California adjusted gross income (AGI) to total AGI from all sources using California law**; and to adjust your federal itemized deductions using California law. The parts of the ratio are defined as follows:

- **Total AGI from all sources using California law** is all of your income from all sources, including income from inside and outside California. You compute it by adjusting federal AGI for the differences between federal and California law.
- **California AGI** is:
  - ◆ All income from all sources (inside and outside California) for any part of the year

during which you were a California resident; and

- ◆ All income from California sources while you were a nonresident of California.

Once you compute the ratio, you transfer it to Form 540NR to determine your California nonresident or part-year resident tax liability.

## Specific Line Instructions for PART I Residency Information

Answer all the questions in this part for you and your spouse. If a question does not apply, please enter "NA" on the line for the answer. It may be helpful to get FTB Pub. 1031, Guidelines for Determining Resident Status, for more information.

### Line 1 – I was in the military

If either spouse was in the military, your state of domicile is generally the state where you were living when you first entered the military.

### Line 5 – The number of days I spent in CA

The total number of days in California should include all days in California for any purpose including residency, business and vacation.

## Specific Line Instructions for PART II Income Adjustment Schedule

### Column A – Federal Amounts

Enter all taxable amounts shown on your federal return on the corresponding lines in column A.

If you are married filing separate under either exception described in the instructions for Form 540NR and are filing a separate California return, enter in column A the amounts you would have reported on a separate federal return. Attach a statement to the return showing how the income and expenses were split between you and your spouse.

### Line 7 through Line 21

Enter on line 7 through line 21 the same amounts you entered on your federal Form 1040, line 7 through line 21 (or on your Form 1040A, line 7 through line 13b; your Form 1040EZ, line 1, line 2 and line 3; or your Form 1040NR, line 8 through line 21 for the same types of income).

Also enter the following if applicable:

- The total IRA distribution received on line 15(a);
- The total pension or annuity distribution received on line 16(a); and
- The total social security retirement benefit received on line 20(a).

If you used Form 1040A, refer to line 10a, line 11a and line 13a. If you used Form 1040NR, refer to line 16a and line 17a.

### Line 22a – Total

Combine the amounts on line 7 through line 21. Enter the total on line 22a. This number should be the same as the amount on your federal Form 1040, line 22 (or your Form 1040A, line 14; or your Form 1040EZ, line 4; or your Form 1040NR, line 23).

### Line 22b – Balance Carried Forward

Enter on line 22b the total from Side 1, line 22a, column A.

### Line 23 through Line 30

Enter the same amounts you entered on your federal Form 1040, line 23 through line 30 (or your Form 1040A, line 15 and line 16; or your Form 1040NR, line 24 through line 30).

### Line 31a and Line 31b

Enter on line 31a the same amount you entered on your federal Form 1040, line 31a. Enter on line 31b the social security number and full name of the person to whom you paid alimony.

### Line 32

Add line 23 through line 31a. This amount should be the same as the amount on your federal Form 1040, line 32 (or your Form 1040A, line 17; or your Form 1040NR, line 32). However, if you made any of the adjustments described in the instructions for federal Form 1040, line 32 or if you claimed the foreign housing deduction from federal Form 2555, Foreign Earned Income, or Form 2555-EZ, Foreign Earned Income Exclusion, enter the amount from Form 1040, line 32 on this line.

If you used Form 1040NR and reported an amount on Form 1040NR, line 31 for excluded scholarship and fellowship grants, enter the amount from Form 1040NR, line 32 on this line.

### Line 33 – Total

Subtract line 32 from line 22b. This amount should be the same as the amount on your federal Form 1040, line 33 (or your Form 1040A, line 18; or your Form 1040EZ, line 4; or your Form 1040NR, line 33).

## Column B and Column C – Subtractions and Additions

Use these columns to enter subtractions and additions to federal amounts in column A that are necessary because of the differences between California and federal law. Enter all amounts on line 7 through line 32 as positive numbers.

**Do not** enter in column B or column C income earned outside California during periods of non-residency.

**Note:** If you are a nonresident alien, use column B and column C, to adjust federal AGI to include income from all sources, even if you were not required to report it on your federal return. California does not have special rules limiting total AGI from all sources to U.S. source or effectively connected income of nonresident aliens.

You may need one of the following FTB publications to complete column B and column C:

- 1001, Supplemental Guidelines to California Adjustments;
- 1005, Pension and Annuity Guidelines;
- 1005A, California Treatment of Roth IRA;
- 1031, Guidelines for Determining Resident Status; or
- 1032, Tax Information for Military Personnel.

To order a publication or form, see the back cover of your tax booklet.

### Line 7 – Wages, Salaries, Tips, etc.

Generally, you will not make any adjustments on this line. If you did not receive any of the kinds of

income listed below, make no entry on this line in either column B or column C.

**Active duty military pay.** Special rules apply to active duty military taxpayers. Get FTB Pub. 1032 for more information.

**Ride-sharing benefits or sick pay received under the Federal Insurance Contributions Act and Railroad Retirement Act.** California excludes these items from income. Enter in column B the amount of these benefits included in the amount in column A.

**Income exempted by U.S. tax treaties (unless specifically exempt for state purposes also).**

If you excluded this income from your federal return, enter the excluded amount in column C. If you claimed foreign earned income or housing cost exclusion under IRC Section 911, see the instructions for line 21. Get FTB Pub. 1001 for more information.

**Exclusion for compensation from exercising a California Qualified Stock Option (CQSO).** To be eligible for this exclusion your earned income from the corporation granting the CQSO must be \$40,000 or less; the market value of the options granted to you must be \$100,000 or less; and the total number of shares must be 1,000 or less. If you included in federal income an amount qualifying for this exclusion, enter that amount in column B.

**Employer-provided meals.** If your employer provided meals to you and other employees at the job site for the employer's convenience, you may have to include the value of those meals as a taxable fringe benefit for California purposes. California law has not conformed to the recent federal provision that allows employees to exclude (and employers to deduct) the value of such meals solely because the meals were provided to more than 50% of the employees. Check with your employer if you think that this might apply to you. If it does, enter in column C the amount of these benefits that were excluded for federal tax purposes.

#### Line 8 – Taxable Interest Income

If you did not receive any of the kinds of income listed below, make no entry on this line in either column B or column C. Otherwise, follow the instructions below.

Enter in column B, the interest that you received from:

- U.S. saving bonds (except for interest from series EE U.S. savings bonds issued after 1989 that qualified for the Education Savings Bond Program exclusion);
- U.S. Treasury Bills notes and bonds; and
- Any other bonds or obligations of the United States and its territories.

Get FTB Pub. 1001 if you received interest income from the following sources:

- Loans made in an enterprise zone (EZ), or the Los Angeles Revitalization Zone (LARZ); or
- Items listed above passed through to you from S corporations, trusts, partnerships or limited liability companies (LLCs).

**Do not** make entries in either column B or column C for interest you earned on Federal National Mortgage Association (Fannie Mae) Bonds, Government National Mortgage Association (Ginnie Mae) Bonds, and Federal Home Loan Mortgage Corporations (FHLMC) securities.

Enter in column C, the interest you identified as tax-exempt interest on your federal Form 1040 (or 1040A), line 8b; or Form 1040NR, line 9b which you received from:

- Non-California state bonds;
- Non-California municipal bonds issued by a county, city, town or other local government unit;
- Obligations of the District of Columbia issued after December 27, 1973; and
- Non-California bonds if the interest was passed through to you from S corporations, trusts, partnerships or LLCs.

#### Line 9 – Ordinary dividends

Generally, you will not make an adjustment on this line. However, certain mutual funds are qualified to pay "exempt-interest dividends" if at least 50% of their assets consist of tax-exempt government obligations. The portion of the exempt-interest dividend income that is tax-exempt will be shown on your annual statement from the mutual fund.

If the California exempt-interest amount is more than the federal exempt-interest amount, enter the difference in column B.

Get FTB Pub. 1001 if you received dividend income from:

- Noncash patronage dividends from farmers' cooperatives or mutual associations;
- A federal S corporation that is a California C corporation;
- A controlled foreign corporation;
- Distribution of pre-1987 earnings from S corporations;
- Undistributed capital gains for regulated investment company (RIC) shareholders; or
- Distributed capital gain dividends.

#### Line 10 – State Tax Refund

California does not tax the state income tax refund you received in 1998. Enter in column B, the amount of state tax refund you entered in column A.

#### Line 11 – Alimony Received

If you are a nonresident alien and received alimony that was not included in your federal income, enter the alimony on this line in column C. Otherwise, make no entry on this line.

#### Line 12 – Business Income or (Loss)

You may need to adjust federal business income or loss you reported in column A because of the difference between California and federal law relating to depreciation methods, special credits and accelerated write-offs. As a result, the recovery period or the basis you should use to figure California depreciation may be different from the amount used for federal purposes. Adjustments are figured on form FTB 3885A and are most commonly necessary because of the following:

- **Before January 1, 1987**, California did not allow depreciation under the federal accelerated cost recovery system, and you must continue to figure California depreciation for those assets in the same manner as prior years.
- **On or after January 1, 1987**, California provides special credits and accelerated write-offs that affect the California basis of qualifying assets. Refer to the bulleted list below. Also, California does not conform to certain federal provisions. See the items listed under "General Information."

Use form FTB 3801, Passive Activity Loss Limitations (PALS), to figure the total adjustment for line 12 if you have:

- One or more passive activities that produce a loss; or
- One or more passive activities that produce a loss **and** any nonpassive activity reported on federal Schedule C.

Use form FTB 3885A, Depreciation and Amortization Adjustments, to figure the total adjustment for line 12 if you have:

- Only nonpassive activities which produce either gains or losses (or a combination of gains and losses); or
- Passive activities that produce gains.

Get FTB Pub. 1001 for more information about:

#### Income related to:

- Property acquired prior to becoming a California resident;
- Sales or use tax credit for property used in an EZ, LARZ, Local Agency Military Base Recovery Area (LAMBRA) or Targeted Tax Area (TTA);
- Reduced recovery periods for fruitbearing grapevines replaced in a California vineyard on or after 1/1/92 as a result of phylloxera infestation;

- Club dues or payments made to a club which restricts membership or the use of its services or facilities on the basis of age, sex, race, religion, color, ancestry or national origin;
- Lobbying expenses denied under IRC Section 162;

- Business located in an EZ, LARZ, LAMBRA or TTA;
- Research expense;
- Employer wage expense for the Work Opportunity Credit and Welfare-to-Work Credit;

- Interest paid on indebtedness in connection with company-owned life insurance policies;
- Premiums paid on life insurance policies, annuities or endowment contracts issued after 6/8/97 where the owner of the business is directly or indirectly a policy beneficiary; or
- Meals provided to more than 50% (but less than 100%) of employees on the employment premises for the employer's convenience.

#### Line 13 – Capital Gain or (Loss)

Generally, you will not make any adjustments on this line if you do not have any of the items listed below.

Use Schedule D, California Capital Gain or Loss Adjustment, if you have differences from:

- Gain on the sale of qualified small business stock which qualifies for the gain exclusion under IRC Section 1202.
- Basis amounts resulting from differences between California and federal law in prior years;
- Gain or loss on stock and bond transactions;
- Installment sale gain reported on form FTB 3805E, Installment Sale Income;
- Gain on the sale of personal residence where depreciation was allowable;
- Flow-through gain or loss from partnerships, fiduciaries, S corporations or LLCs; or
- Capital loss carryover from your 1997 California Schedule D.

Get FTB Pub. 1001 for more information about:

- Disposition of S corporation stock acquired before 1987;
- Gain on the sale or disposition of a qualified assisted housing development to low income residents or to specified entities maintaining housing for low income residents;
- Undistributed capital gain for regulated investment company (RIC) shareholders;
- Gain or loss on the sale of property inherited before 1/1/87; or
- Capital loss carrybacks.

#### Line 14 – Other Gains or (Losses)

Generally, you will not make any adjustments on this line. However, the California basis of your other assets may not be the same as the federal basis due to differences between California and federal law. Therefore, you may have to adjust the amount of other gains or losses. Get Schedule D-1, Sales of Business Property, to figure the adjustment.

#### Line 15 – Total IRA Distributions

Generally, you will not make any adjustments on this line. However, there may be significant differences in the taxable amount of a distribution (including a distribution from conversion of a traditional IRA to a Roth IRA), depending on when you made your contributions to the IRA. Differences may also occur if you changed your residency status after you first began making contributions to your IRA or if your California IRA deductions were different from your federal deductions because of differences between California and federal self-employment income.

If the taxable amount using California law is:

- Less than the amount taxable under federal law, enter the difference in column B; or

**Example:** A taxpayer moved into California on December 1. She made contributions to her IRA and claimed a deduction of \$2,000 on her federal return. Her California wages were \$500. Her allowable deduction is the lesser of:

- The federal deduction of \$2,000; or
- The California compensation of \$500.

Therefore, she must enter \$500 on line 23 of column E. She will have made no entry in column B or column C.

Keogh and SEP deductions are limited to a percentage of the federal deduction. That percentage is the ratio of:

$$\frac{\text{Self-employment income reported in column E}}{\text{Total self-employment income reported in column D}} = \text{California ratio}$$

Get FTB Pub. 1005 for more information.

**Line 25 – Medical Savings Account (MSA) Deduction**

\* Compensation include self-employment income.

Multiply your federal deduction by the California ratio described above and enter the result on line 25, column E.

**Exception:** If you moved out of California in connection with your new job and received compensation from that job attributable to a California source, your moving expense adjustment will be limited by the ratio of California source compensation from the new job to total compensation from the new job.

**Line 27 – One-half of Self-Employment Tax**

# Instructions for Form FTB 3885A

## Depreciation And Amortization Adjustments

### General Information

California legislation enacted in 1998 conforms California tax law to the Internal Revenue Code (IRC) as of January 1, 1998. However, there are continuing differences between California and federal tax law. California has not conformed to the changes made to the IRC by the Internal Revenue Service (IRS) Restructuring and Reform Act of 1998 (Public Law 105-206) and the Tax and Trade Relief Extension Act of 1998 (Public Law 105-277). Get FTB Pub. 1001, Supplemental Guidelines to California Adjustments, for more information on differences between California and federal law for the following items:

**Expense treatment for small business (IRC Section 179):** The maximum allowed under California law is \$16,000; the maximum allowed under federal law is \$18,500. **Amortization of certain intangibles (IRC Section 197):** Property classified as Section 197 property under federal law is also Section 197 property for California purposes. There is no separate California election required or allowed. However, for Section 197 property acquired before 1/1/94, the California adjusted basis as of 1/1/94, must be amortized over the remaining federal amortization period. **Qualified Indian reservation property:** California has not conformed to the accelerated recovery periods available under the Alternative Depreciation System (ADS) for such property. **Grapevines subject to Phylloxera or Pierce's disease:** For California purposes, replacement grapevines may be depreciated using a recovery period of 5 years instead of 10 years.

### Purpose

Use form FTB 3885A to figure the adjustment for the difference between the amount of depreciation and amortization allowed as a deduction using California law and the amount allowed as a deduction using federal law. California law and federal law have not always allowed the same depreciation methods, special credits or accelerated write-offs. As a result, the recovery periods or the basis on which the depreciation is figured for California may be different from the amounts used for federal purposes. You will probably have reportable differences if all or part of your assets were placed in service:

- **Before 1/1/87.** California did not allow depreciation under the federal accelerated cost recovery system (ACRS), and you must continue to figure California depreciation for those assets in the same manner as in prior years.
- **On or after 1/1/87.** California provides special credits and accelerated write-offs that affect the California basis of qualifying assets. California did not conform to all changes to federal law enacted in 1993, and this causes the California basis or recovery periods to be different for some assets.

Differences may also occur for other less common reasons, and the instructions for Schedule CA (540 or 540NR) list them on the line for the type of income likely to be affected. For example, the instructions for Schedule CA (540 or 540NR), line 12, Business Income, list other adjustments you may need to report on form FTB 3885A if you are a sole proprietor. You may also get FTB Pub. 1001 for more information about figuring and reporting these adjustments.

If you are reporting differences for assets related to a passive activity, get form FTB 3801, Passive Activity Loss Limitations, for more information about passive activities.

Do not use form FTB 3885A to report depreciation expense from federal Form 2106, Employee Business Expenses. See the instructions for Schedule CA (540 or 540NR), line 38.

### Specific Line Instructions

**Note:** Prepare and file a separate form FTB 3885A for each business or activity on your return that has a difference between California and federal depreciation or amortization. Enter the name of the business or activity in the space provided at the top of the form. If you need more space, attach additional sheets. However, complete Part II, Election to Expense Certain Tangible Property (IRC Section 179), only once.

#### Part I Identify the Activity as Passive or Nonpassive

**Line 1** – Check the box to identify the activity as passive or nonpassive. A passive activity is any activity involving the conduct of any trade or business in which you did not materially participate. Get form FTB 3801 for more information.

If the activity is passive, use this form as a worksheet to figure the depreciation adjustment to carry to form FTB 3801. **Caution:** Beginning in 1994, and for federal purposes only, rental real estate activities of persons in real property business are not automatically treated as passive activities. California did not conform to this provision.

#### Part II Election To Expense Certain Tangible Property

You may elect to expense part of the cost of depreciable personal property used in your trade or business and certain other property described in federal Pub. 946, How to Depreciate Property. To do so, you must have purchased property, as defined in the IRC Section 179(d)(2), and placed it in service during 1998, or have a carryover of unused cost from 1997. If you elect this deduction, you must reduce your California depreciable basis by the IRC Section 179 expense. The maximum Section 179 expense allowed under California law is \$16,000.

Complete the worksheet below to figure IRC Section 179 expense for California. Include all assets qualifying for the deduction because the limit applies to all qualifying assets as a group rather than to each asset individually. **Refer to federal Form 4562 for information.**

1	Maximum dollar limitation for California . . . . .	1	\$16,000
2	Enter total cost of Section 179 property placed in service during the tax year . . . . .	2	
3	Threshold cost of Section 179 property before reduction in limitation . . . . .	3	\$200,000
4	Reduction in limitation. Subtract line 3 from line 2. If zero or less, enter -0- . . . . .	4	
5	Dollar limitation for tax year. Subtract line 4 from line 1. If zero or less enter -0- . . . . .	5	
<b>(a) Description of property</b>			
<b>(b) Cost</b>		<b>(c) Elected cost</b>	
6			
7	Total elected cost of Section 179 property. Add column (c), line 6 . . . . .	7	
8	Tentative deduction. Enter the smaller of line 5 or line 7 . . . . .	8	
9	Carryover of disallowed deduction from 1997 . . . . .	9	
10	Enter the smaller of business income (not less than -0-) or line 5 . . . . .	10	
11	Section 179 expense deduction for California. Add line 8 and line 9, but do not enter more than line 10. Also enter the result on FTB 3885A, line 2 . . . . .	11	
12	Carryover of disallowed deduction to 1999. Add line 8 and line 9. Subtract line 11 from the result. . . . .	12	

#### Part III Depreciation

**Line 3** – Complete column (a) through column (f) for each tangible asset or group of assets placed in service during the tax year. Be sure to use the California basis for assets on which you elected to take the Section 179 deduction. It will be the difference between line 6, column (b) and line 6, column (c) of the worksheet in Part II.

**Line 8a and Line 8b** – Are you using this form as a worksheet in connection with form FTB 3801?

- Yes.** Enter the amount from line 8a or line 8b on form FTB 3801, Side 2, California Passive Activity Worksheet, column (e).
- No.** Include the amount from line 8a on Schedule CA (540 or 540NR) in column B on line 12 for federal Schedule C activities; on line 17 for federal Schedule E activities; and on line 18 for federal Schedule F activities. Include the amount from line 8b on Schedule CA (540 or 540NR) in column C on line 12 for federal Schedule C activities; on line 17 for federal Schedule E activities; and on line 18 for federal Schedule F activities.

#### Part IV Amortization

**Line 9** – Complete column (a) through column (f) for intangible assets placed in service during the tax year. Be sure to use the California basis and the California recovery period.

**Line 14a and Line 14b** – Are you using this form as a worksheet in connection with form FTB 3801?

- Yes.** Enter the amount from line 14a or line 14b on form FTB 3801, Side 2, California Passive Activity Worksheet, column (e).
- No.** Include the amount from line 14a on Schedule CA (540 or 540NR) in column B on line 12 for federal Schedule C activities; on line 17 for federal Schedule E activities; and on line 18 for federal Schedule F activities. Include the amount from line 14b on Schedule CA (540 or 540NR) in column C on line 12 for federal Schedule C activities; on line 17 for federal Schedule E activities; and on line 18 for federal Schedule F activities.

# Instructions for California Schedule D

## California Capital Gain Or Loss Adjustment

### General Information

California legislation enacted in 1998 conforms California tax law to the Internal Revenue Code (IRC) as of January 1, 1998. However, there are continuing differences between California and federal tax law. California has not conformed to the changes made to the IRC by the Internal Revenue Service (IRS) Restructuring and Reform Act of 1998 (Public Law 105-206) and the Tax and Trade Relief Extension Act of 1998 (Public Law 105-277). For example, California does not conform to the federal reduced capital gains tax rates. California taxes capital gains at the same tax rate as other types of income.

### Purpose

Use California Schedule D **only** if there is a difference between your federal capital gains and losses and your California capital gains and losses associated with the following:

- Gain on the sale of qualified small business stock which qualifies for the gain exclusion under IRC Section 1202;
- Disposition of property that was expensed or depreciated at some time during the period you owned it; California and federal depreciation and property expensing methods were different before 1987 and after 1/1/93 and caused a difference between the California and federal basis;
- Gain or loss on stock and bond transactions;
- Installment sale gain reported on form FTB 3805E, Installment Sale Income;
- Gain on the sale of personal residence where depreciation was allowable;
- Flow-through gain or loss from partnerships, fiduciaries, S corporations or LLCs;
- Distributed and undistributed capital gain dividends;
- Gain from involuntary conversion of capital assets not held for business profit; or
- Capital loss carryover from your 1997 California Schedule D.

For more information about the following, get FTB Pub. 1001:

- Disposition of property inherited before 1987;
- Disposition of S corporation stock acquired before 1987;
- Gain on the sale or disposition of a qualified assisted housing development to low-income residents or to specific entities maintaining housing for low-income residents; or
- Capital loss carryback.

### Exclusion of Gain on Qualified Small Business Stock.

California law (R&TC Section 18152.5) provides an exclusion (similar to the federal exclusion under IRC Section 1202) of 50% of the gain on the sale of qualifying small business stock originally issued after 8/10/93, and before 1/1/99, that was held for more than 5 years. However, for California purposes, 80% of the issuing corporation's payroll must be attributable to employment located within California, and, at least 80% of the value of the corporation's assets must be used by the corporation to actively conduct one or more qualified trades or businesses in California. See the Specific Line Instruction for Line 1b.

**Installment Sales.** If you sold property at a gain (other than publicly traded stocks or securities) and you will receive a payment in a tax year after the year of sale, you must report the sale on the installment method unless you elect not to do so. Get form FTB 3805E. Also use that form if you received a payment in 1998 for an installment sale made in an earlier year. **Note:** You may elect not to use the installment sale method for California by reporting the entire gain on Schedule D (or Schedule D-1 for business assets) in the year of the sale and filing your return on or before the due date.

**At-Risk Rules and Passive Activity Limitations.** If you dispose of (1) an asset used in an activity to

which the at-risk rules apply, or (2) any part of your interest in an activity to which the at-risk rules apply, and you have amounts in the activity for which you are not at risk, get and complete federal Form 6198, At-Risk Limitations, using California amounts to figure your California deductible loss under the at-risk rules. Once a loss becomes allowable under the at-risk rules, it becomes subject to the passive activity rules. Get form FTB 3801, Passive Activity Loss Limitations, to see how to report capital gains and losses from a passive activity.

### Specific Line Instructions

**Note:** If you have gain on the sale of qualified small business stock that qualifies for the federal Section 1202 exclusion, go to the instructions for line 1b.

#### Line 1a – List each capital asset transaction.

**Column (a) – Description of Property.** Describe the asset you sold or exchanged.

**Column (b) – Sales Price.** Enter in this column either the gross sales price or the net sales price. If you received a Form 1099-B, 1099-S or similar statement showing the gross sales price, enter that amount in column (b). However, if box 2 of Form 1099-B indicates that gross proceeds less commissions and option premiums were reported to IRS, enter that net amount in column (b). If you entered the net amount in column (b), do not include the commissions and option premiums in column (c).

**Column (c) – Cost or Other Basis.** In general, the cost or other basis is the cost of the property plus purchase commissions and improvements minus depreciation, amortization and depletion. Enter the cost or adjusted basis of the asset for California purposes. Use your records and California tax returns for years before 1987 to determine the California amount to enter in column (c). If you used an amount other than cost as the original basis, your federal basis may be different from your California basis. Other reasons for differences are:

**Depreciation Methods and Property Expensing** California law: Did not allow the use of ACRS before 1987; Did not allow the use of an asset depreciation range 20% above or below the standard rate; Limits expensing of property under IRC Section 179 to \$16,000; Permitted rapid write-off of property such as solar energy systems, pollution control devices and property used in an EZ, the LARZ or LAMBRA.

**Inherited Property** – The California basis of property inherited from a decedent is generally fair market value (FMV) at the time of death. If you acquired community property as a surviving spouse, get FTB Pub. 1039, Basis of Property – Decedent/Surviving Spouse, for more information.

**S Corporation Stock** – Prior to 1987, California law did not recognize S corporations and your California basis in S corporation stock may differ from your federal basis. In general, your California basis will be cost-adjusted for income, loss and distributions received after 1986, while your stock was California S corporation stock. Your federal basis will be cost-adjusted for income, loss and distributions received during the time your stock qualified for federal S corporation treatment.

**Special Credits** – California law authorizes special tax credits not allowed under federal law or computed differently under federal law. In many instances if you claimed special credits related to capital assets, you must reduce your basis in the assets by the amount of credit.

Other adjustments may apply differently to the federal and California basis of your capital assets. Figure the original basis of your asset using the California law in effect when the asset was acquired, and adjust it according to provisions of California law in effect during the period of your ownership.

**Line 1b – Section 18152.5 Exclusion.** If the gain qualifying for the IRC Section 1202 exclusion also qualifies for the California exclusion under R&TC Section 18152.5: Enter in column (a) "Section 18152.5 Exclusion." Complete column (b) and column (c) according to the instructions for line 1a. Enter in column (d) the amount of gain that qualifies for the California exclusion. Enter in column (e) the entire gain realized. **If the gain qualifying for the IRC Section 1202 exclusion does not qualify for the California exclusion:** Complete column (a), column (b) and column (c) according to the instructions for line 1a. Enter -0- in column (d) and enter the entire gain realized in column (e).

**Line 3 – Capital Gain Distributions.** If you receive federal Form 2439, Notice to Shareholder of Undistributed Long-Term Capital Gains, from a mutual fund, do not include the **undistributed** capital gain dividends on Schedule D. If you receive federal Form 1099-DIV, Dividends and Distributions, enter the amount of **distributed** capital gain dividends.

**Line 6 – 1997 California Capital Loss Carryover.** Enter the amount of your 1997 California net capital loss that was more than the loss limitation.

**Line 8 – Net Gain or Loss.** If the amount on line 4 is more than the amount on line 7, subtract line 7 from line 4. Enter the difference as a gain on line 8.

If the amount on line 7 is more than the amount on line 4, subtract line 4 from line 7 and enter the difference as a loss on line 8.

Use the worksheet on this page to figure your capital loss carryover to 1999.

**Line 9** – If line 8 is a net capital loss, enter the smaller of the loss on line 8 or \$3,000 (\$1,500 if you are married filing a separate return).

**Line 12a** – Enter the difference on line 12a and on Schedule CA (540 or 540NR), line 13, column B.

#### FOR EXAMPLE:

##### Loss on line 10 is less than loss on line 11.

Federal loss on line 10 is . . . . .	\$1,000
California loss on line 11 is . . . . .	\$2,000
Subtract line 10 from line 11 . . . . .	\$1,000

##### Gain on line 10 and loss on line 11.

Federal gain on line 10 is . . . . .	\$3,000
California loss on line 11 is . . . . .	\$3,000
Add line 10 and line 11 . . . . .	\$6,000

**Line 12b** – Enter the difference on line 12b and on Schedule CA (540 or 540NR), line 13, column C.

#### FOR EXAMPLE:

##### Loss on line 10 is more than loss on line 11.

Federal loss on line 10 is . . . . .	\$2,000
California loss on line 11 is . . . . .	\$1,000
Subtract line 11 from line 10 . . . . .	\$1,000

##### Loss on line 10 and gain on line 11.

Federal loss on line 10 is . . . . .	\$2,000
California gain on line 11 is . . . . .	\$5,000
Add line 10 and line 11 . . . . .	\$7,000
