## SUMMARY

Under the Vehicle Code, this bill would require an applicant for a California driver's license or identification card who does not have a social security number to provide a taxpayer identification number or other identifier. This bill would not affect the ability of Franchise Tax Board (FTB) to continue to access Department of Motor Vehicle (DMV) information to verify addresses of taxpayers and debtors.

This bill also would make various changes to the Vehicle Code that do not impact the department.

## SUMMARY OF AMENDMENTS

The July 2, 2001, amendment would prohibit DMV from displaying a social security number on any document it issues. This amendment also expressly excludes from the prohibition FTB information requests made for the purposes of tax administration.

The May 31, 2001, amendment allowed DMV to respond to information requests from FTB for purposes of tax administration and non-tax debt collection.

The May 31, 2001, amendment also made technical changes that do not impact the department.

Except for these changes, a new technical consideration, and the new FTB position stated below, the remainder of the department's analysis of this bill as amended on April 16, 2001, still applies.

### **TECHNICAL CONSIDERATION**

According to the author's office, this bill is intended to permit DMV to respond to information requests from FTB for purposes of tax administration as well as non-tax debt collection. Another section in the bill already permits DMV to respond to FTB information requests for both tax administration and non-tax debt collection. Amendment 1 is attached to conform the language of the newly added section 1653.6 to include non-tax debt collection.

### **POSITION**

Support.

At its June 27, 2001, meeting, the Franchise Tax Board voted 2-0 to take a support position on this bill as introduced February 13, 2001, with Annette Porini, on behalf of Member B. Timothy Gage abstaining.
