## COMMENTS:

This bill would require employers to notify their employees about the Federal Earned Income Tax Credit (EITC).

The June 17, 2004, amendments removed a provision that would have stated that EITC information on the back of Forms W-2 or Forms 1099 was insufficient notice to employees. The amendments added language that names the state as the employer of in-home supportive services personnel for purposes of this bill. Further, the amendments added IRS contact information to be included in the notice to be provided to employees. Finally, the amendments added a coauthor and made several non-substantive changes.

These amendments would not impact the department's programs or operations. The analysis of the bill as introduced February 20, 2004, still applies.
