COMMENTS:

This bill would prohibit a state agency from contracting for goods or services with a contractor that does not have a policy of providing his or her full-time employees with at least five days of regular pay for actual jury service.

The June 28, 2005, amendment would expand the minimum number of qualifying employees to 100 and define "full-time employees."

The Department of General Services (DGS) develops and approves general contract language for all state agencies. DGS could add this requirement to its general contract language. This bill would not impact the department's programs and operations or the state's income tax revenue.
