**COMMENTS:**

This bill would require a state agency, as defined, to provide the State Controller's Office with information concerning state expenditures on programs administered by those agencies.

The March 13, 2008, amendments would make a technical non-substantive change and add several coauthors. These changes would not impact the department's programs and operations or state income tax revenue. The department's analysis of the bill as introduced January 28, 2008, still applies.
