**COMMENTS:**

This bill would require a state agency that collects certain demographic data to use additional collection categories and make the data available to the public.

The July 11, 2007, amendments require the additional categories of demographic data to be included in required reports by July 1, 2009. Because the department does not produce reports of this nature, the amendments do not impact the department's programs or operations. The department's analysis of the bill as amended June 1, 2007, still applies.
