**COMMENTS:**

This bill would amend the Streets and Highways Code to finance public improvements to certain property.

The January 7, 2008, amendments removed the income tax provisions that would have allowed a tax credit for the costs to construct an eligible renewable resource. As a result of the amendments, this bill no longer impacts the department’s programs, operations, or state income tax revenue. The analysis of the bill as introduced February 22, 2007, no longer applies.
