COMMENTS:

The September 2, 2009, amendments deleted the income tax provisions that would have required the Franchise Tax Board to furnish a report to the Legislature and make specified information public, and replaced it with provisions that would define several terms under the Labor Code and permit “temporary services employers” to pay wages on a semimonthly basis to employees that provide health care services, as specified.

This bill would no longer impact department programs, operations, costs, or state income tax revenues.
