**COMMENTS:**

This bill would require that the Governor’s annual budget be developed using performance-based budgeting methods, as specified.

The May 10, 2010 amendments added specified requirements to the budget submitted by the Governor, and specified reporting requirements by the Governor to the legislature. These amendments would not impact the department’s programs or operations, or state income tax revenue.

The department’s analysis of the bill as amended April 8, 2010, still applies.
