ANALYSIS

Minor Amendment

The September 1, 2011, amendments added provisions that would limit the amount of time state agency reports would be available on the Reporting Transparency in Government Web site. In addition, the amendments specify that the website will only be available online until the Financial Information System for California (FI\$CAL) Web site becomes available. The amendments do not impact the Franchise Tax Board. The department’s analysis of the bill as amended May 27, 2011, still applies.
