**SUMMARY**

This bill would require any vendor in the state that supplies more than one thousand rounds of ammunition to any individual within a five consecutive day period to report the transaction to local law enforcement.

**ANALYSIS**

The August 08, 2012, amendments removed the provisions of the bill that would have required the Franchise Tax Board to assess a penalty against an LLC that is doing business within the state while not registered to do business within the state. As a result of the amendments, this bill no longer impacts the department's programs and operations or state income tax revenue.
