**COMMENTS :**

This bill would appropriate funds from the General Fund to the Controller to provide state firefighters and employees represented by State Bargaining Unit 8 and their supervisors and managers a 15% salary increase. This salary increase would be retroactive to March 1, 1998.

The July 14, 1998, amendments removed language regarding income tax credits for salmon and steelhead trout habitat restoration projects and conformity to certain federal business expense deduction rules and added the language pertaining to state firefighters.

This bill no longer impacts this department or state income tax revenue.
