Commercial Cannabis Activity: Personal Income Tax Law - Business Expenses Report

This report is intended to fulfill the Franchise Tax Board's obligation under Assembly Bill 37 (2019/2020) which added Revenue and Taxation Code Section 17209 and included language to annually report to the Legislature by July 31, the number and total dollar amount of deductions and credits claimed under this section for the most recent calendar year in which either the deductions or credits are allowed.

Commercial Cannabis Activity: Personal Income Tax Law - Business Expenses

California allows individuals, including other taxpayers operating under the personal income tax law, to claim credits and deductions of business expenses paid or incurred during the taxable year in carrying on commercial cannabis activity. This provision is operative for taxable years beginning on or after January 1, 2020, and before January 1, 2025.

Tax returns reporting credits and deductions claimed for the 2020 tax year under Revenue & Taxation Code section 17209 will be filed in 2021. To date there is insufficient data available to report on the credits and deductions claimed under this section.

The Franchise Tax Board (FTB) anticipates reporting the amount of credits and deductions claimed for the 2020 tax year on returns filed as of June 2021 in the next annual report due July 31, 2021.

Please visit FTB's website for income tax information on the [Cannabis Industry](#).
