

RESOLUTION APPROVING THE USE OF CERTIFICATES OF MAILING ON
NOTICES OF ACTION

Notices of action with respect to protested deficiencies are currently mailed by regular first class U.S. mail. The Board has determined that it is desirable to adopt a procedure which objectively establishes that such notices were, in fact, mailed.

Accordingly, staff is instructed to mail all notices of action with respect to protested deficiencies in the amount of \$100,000, or greater, by the certificates of mailing procedures.

This resolution hereby modifies, supersedes, and repeals Resolution 11-1-88.
