

**RESOLUTION APPROVING THE USE OF CERTIFICATES OF MAILING ON
NOTICES OF ACTION**

Notices of action with respect to protested deficiencies are currently mailed by regular first class U.S. mail. The Board has determined that it is desirable to adopt a procedure which objectively establishes that such notices were, in fact, mailed.

Accordingly, staff is instructed to mail all notices of action with respect to protested deficiencies in the amount of \$100,000, or greater, by the certificates of mailing procedures.

This resolution hereby modifies, supersedes, and repeals Resolution 11-1-88.
