

**SECTION 10000      TARGETED TAX AREA BUSINESS EXPENSE DEDUCTION**

References 17267.6(a); 24356.6(a)

For each taxable year beginning on or after January 1, 1998, a person or entity engaged in a trade or business within a Targeted Tax Area (TTA) may elect to treat 40% of the eligible cost of qualified property as a business expense rather than a capital expense.

The deduction is allowed for the taxable year in which the property is placed in service.

Estates and trusts are not allowed to take the business expense deduction.

## 10220 Pass-Through Entities

The determination of whether a taxpayer is a qualified taxpayer is made at the entity level. The term "pass-through entity" means any partnership or S corporation. The business expense deduction is allowed to the pass-through entity and passed through to the partners or shareholders.

EDAM 10310      Leased Property  
EDAM 10320      Property Not Qualified

Qualified property is IRC § 1245 property (as defined in IRC § 1245(a)(3)) purchased and placed in service for exclusive use in a trade or business conducted within the TTA. The property must also be purchased and placed in service before the date the TTA designation expires, is revoked, is no longer binding, or becomes inoperative.

Qualified property under IRC § 1245 includes, but is not limited to, tangible personal property (excluding buildings and inventory) that is subject to the allowance for depreciation. This includes most equipment and furnishings purchased for exclusive use within the TTA. Office supplies and other small non-depreciable items are not included.

### 10310 Leased Property

Taxpayers who acquire property by lease arrangement may be able to take the business expense deduction. The structure of the leasing arrangement itself is critical. Lease arrangements structured using a financial (conditional sales) contract generally will qualify the taxpayer to take the business expense deduction. For reference sources to determine if a lease qualifies as a purchase rather than a lease arrangement, refer to IRS Revenue Ruling 55-540, 1955-2 C.B. 39, and [FTB Legal Ruling 94-2](#), March 23, 1994.

The business expense deduction is not allowed if the property:

- Was transferred between members of an affiliated group;
- Was acquired as a gift or inherited;
- Was traded for other property;
- Was received from a personal or business relation as defined by IRC § 267, as modified by CR&TC § 17267.6(d)(2)(A) and § 24356.6(c)(2)(A) for the TTA;
- Was received from a personal or business relation as defined by IRC § 707(b); or
- Is described in IRC § 168(f).

The maximum *deduction* the taxpayer may claim in any taxable year is determined by the number of years that have elapsed since the area was designated, as follows:

Taxable Years	Maximum Aggregate Cost	Maximum Deduction
Taxable year of designation and 1st year thereafter	\$100,000	\$40,000
2nd and 3rd taxable year thereafter	\$75,000	\$30,000
Each taxable year thereafter	\$50,000	\$20,000

In the case of pass-through entities, the percentage limitation (40%), of the aggregate cost of all qualified property, shall apply at the entity level and at the partner/shareholder level.

10420 Personal Income Tax Taxpayers-Married Filing Separate

### 10430 Basis Reduction/Depreciation

The basis (cost for depreciation purposes) of the property is reduced by the amount allowed as a deduction. Depreciation of the cost of the property, less the amount deducted, is claimed using any method of depreciation normally allowed, beginning with the taxable year following the year in which the property is placed in service.

Taxpayers electing to take the business expense deduction cannot claim the additional first year depreciation (IRC § 179) for the same property.

10440 Interaction with the Manufacturer's Investment Credit

References 17053.49(b)(1)(C); 23649(b)(1)(C)

Taxpayers claiming the business expense deduction and the Manufacturers' Investment Credit (MIC) for the same property must reduce MIC qualified costs by the amount of the business expense deduction before computing the MIC. Taxpayers that elect to take the business expense deduction are not allowed to capitalize the expensed amount.

## 10450 Recapture

References 17267.6(h); 24356.6(g)

The business expense deduction is subject to recapture (added back to income) if, before the *close of the second taxable year after* the property is placed in service, the property is sold, disposed of or is no longer used exclusively within the TTA trade or business. The taxpayer is required to recapture the amount previously expensed for that item and shall include that amount as income for the taxable year in which the property ceases to be used. The basis of the property is increased as of the first day of the taxable year in which the recapture event occurs. (See Cal. Code Regs. (CCR) § 17267.2 or 24356.7 as it pertains to Enterprise Zones.)

**Example:** Corp. A purchases property on June 1, 1998, which qualifies Corp. A to take the TTA business expense deduction. Corp. A's taxable year ends December 31 of each year. Corp. A disposes of the property August 5, 2000. The previous deduction is added to income in the 2000 taxable year because the property was disposed of before the close of the second taxable year after the property was placed in service, 12/31/2000. The basis in the asset is increased by the recaptured amount effective January 1, 2000.

**NOTE:** The State Board of Equalization in an unpublished (uncitable) decision agreed that the statute requires the closure of two taxable years after the end of the taxable year in which the property is placed in service and the election to claim the deduction on the original return is made. *Appeal of Accurate Metal Fabricators, Inc.*, 32552, Cal. St. Bd. Of Equal., July 3, 2000.

EDAM 10510      Members of an Affiliated Group

The taxpayer must make an election to treat the cost of qualified property as a business expense on the original return filed for the taxable year the property is first placed in service. The election must specify the items to which the election applies and the portion of the cost taken into account for purposes of determining the deduction amount.

A taxpayer makes an election by filing:

- [Form FTB 3809](#) – Targeted Tax Area Deduction and Credit Summary.

The election may not be revoked, unless the taxpayer has obtained the consent of the Franchise Tax Board.

## 10510 Members of an Affiliated Group

### References 24356.6(c)(5)-(6)

For purposes of electing the business expense deduction, all members of an affiliated group shall be treated as one taxpayer. The maximum deduction amount shall be properly apportioned among the members of the affiliated group.

An affiliated group is defined in IRC § 1504 as modified by the California Revenue & Taxation Code, to replace "at least 80%" with "more than 50%" each place it appears in IRC § 1504(a).

### ***10900 Record Keeping Requirements***

To support the business expense deduction claimed, the taxpayer must keep all records that document the purchase of the qualified property. This includes items such as purchase receipts and proof of payment. In addition, taxpayers should keep all records that identify or describe:

- The property purchased (such as serial numbers, etc.); and
- The location where the property is used
