Franchise Tax Board	Wolk	SB 401

SUBJECT

Conformity Act of 2010

SUMMARY

This bill would do the following:

- Change California's specified date of conformity to federal income tax law from January 1, 2005, to January 1, 2009, for taxable years beginning on or after January 1, 2010, and thereby, in general, conform to the numerous changes that were made to federal income tax law during that four-year period, except as otherwise provided; and
- Conform to the February 17, 2009, federal legislation providing an exclusion from gross income in any taxable year for energy grants provided in lieu of federal energy tax credits.

PURPOSE OF BILL

The general purpose of conforming to numerous changes in federal law is to simplify both the preparation of California income tax returns and the administration of California income tax laws.

EFFECTIVE/OPERATIVE DATE

This bill would be effective on January 1, 2011, and would generally be operative for taxable years beginning on or after January 1, 2010, except as otherwise provided.

ANALYSIS

FEDERAL/STATE LAW

See the Franchise Tax Board's (FTB's) annual reports titled "[Summary of Federal Income Tax Changes – 2005](#)," "[Summary of Federal Income Tax Changes – 2006](#)," "[Summary of Federal Income Tax Changes – 2007](#)," "[Summary of Federal Income Tax Changes – 2008](#)," and, "[Summary of Federal Income Tax Changes – 2009](#)" for a detailed discussion of federal and state laws affected by this bill.

THIS BILL

This bill would change the specified date from January 1, 2005, to January 1, 2009, for taxable years beginning on or after January 1, 2010. Changing the specified date would automatically conform state law to all changes from January 1, 2005, through December 31, 2008, to Internal Revenue Code (IRC) sections that have been previously incorporated by reference. Thus, California law would conform to most of the changes made to the federal income tax law during that four-year period. Additionally, this bill would conform to the February 17, 2009, federal income exclusion of energy grants provided in lieu of federal energy tax credits.

This bill would also make numerous changes either to specifically not conform to or to modify certain items in the IRC. In addition, technical changes regarding cross references and deletion of unnecessary language that was used to conform to federal law changes subsequent to January 1, 2005, and prior to January 1, 2009, would be made by this bill.

The following tables list:

- The federal Act sections that impact provisions of Personal Income Tax Law (PITL), Administration of Franchise and Income Tax Law (AFITL), and Corporation Tax Law (CTL);
- The beginning page number in the FTB's annual report where that provision is discussed; and
- The change under this bill -- whether SB 401 would conform or not conform to that provision. (Note that conformity decisions that require modification are listed in the conform column.)

For certain federal provisions, California law automatically conforms to a federal law change and those provisions are not listed and not discussed in this analysis. Additionally, those federal provisions that are not applicable to PITL, AFITL, and CTL are not listed and not discussed in this analysis.

FISCAL IMPACT

As a result of the modifications to the system, programming, and testing, the costs to the department to implement this bill would be approximately \$400,000. If this bill is enacted without appropriation language, the department would be required to redirect resources, which would have an adverse impact on current revenue generating programs and procedures.

ECONOMIC IMPACT

Revenue Estimate

Based on data and assumptions discussed below, the revenue impact of conformity is shown in the following tables. Items that impact the measure of tax (tax revenue) are summed for each year, as are items that do not impact the measure of tax (penalty and interest revenue). Penalty and interest provisions are identified by an asterisk (*).

This estimate does not consider the possible changes in employment, personal income, or gross state product that could result from this bill.
