COMMENTS:

This bill would find that local programs administered by D.A.R.E. California should be given priority when the State Department of Education awards and administers grants for projects directed at the prevention of tobacco use among schoolage children.

The April 26, 1999, amendment deleted the Revenue and Taxation Code provision of the bill that specified that the term "corporation" included certain other types of entities and added the provisions relating to the State Department of Education.

This bill would no longer impact the department's programs and operations or state income tax revenue.
