SUMMARY OF BILL

Under the Administrative Procedures Act within the Government Code, this bill would make various changes to the laws governing regulatory procedures, including requiring each state agency to establish a small business liaison.

This analysis addresses only those provisions applicable to rulemaking procedures that impact the department's programs and operations.

SUMMARY OF AMENDMENTS

The August 28, 2000, amendments added statutory language necessary to double-join AB 505 with various amendments made by AB 1822.

Except for these changes, the remainder of the department's analyses of the bill as amended July 5 and August 8, 2000, still applies. The implementation and technical considerations and the board position are restated.

Implementation Consideration

In circumstances where the proposed repeal of a regulation is not compelled by statutory change or judicial decision, this bill could make it more difficult to repeal a regulation by requiring the department to assess any significant adverse economic impact on individuals and corporations before repealing the regulation.

Technical Consideration

This bill specifies that definitions provided for the California Small Business Advocate apply to Government Code Sections 15334.5 through 15334.8, inclusive, unless otherwise indicated.
