Definition of Paperless Schedule K-1 Participants

Software Developers develop software that permits transmitters to format paperless Schedule K-1 information onto a CD or diskette, according to California specifications explained in this publication.

Transmitters format and transmit Paperless Schedules K-1 (565 or 568) files on a CD or diskette to FTB. The partnership, LLC, tax preparer, third party preparer, or software provider can be the transmitter.

A preparer is anyone other than the transmitter who prepared the schedules.

Partnerships and Limited Liability Companies (LLCs) submit partner or member distributive shares of income, deductions, credits, etc., to a preparer or transmitter who formats the information into a paperless Schedule K-1 (565 or 568).

For more information about our business e-file program refer to FTB Publication 1346B, *Business e-file Guide for Software Developers and Transmitters*, or visit our website at www.ftb.ca.gov and search for **business e-file**.
- FTB will not process your CD or diskette unless form FTB 3604 *Transmittal of Paperless Schedules K-1 (565 or 568) on CD or diskette* is included with the media.
- Use separate transmittals for original, amended, part year, or different types of Schedules K-1 (565 or 568).
- Paperless Schedules K-1 (565 or 568) are substitute forms. You must submit form FTB 1096 before sending your CDs or diskettes to FTB.
- The Detail Record layout for Schedule K-1 (565) requires a “G” or “L” in Field 0170. When submitting Schedules K-1 (568), leave the field blank.
- Use zeros in numeric fields. Blanks are not acceptable.
- For media processing, list each partnership or LLC on form FTB 3604.
- If Forms 565 and 568 are filed on paper, mail them separately from the CD or diskette (see page 9).

Section 2 – Schedule K-1 Program Information

General Information

Filing Paperless Schedules K-1 (565 or 568) ensures more accurate schedule reporting. Before accepting and processing the Schedules K-1, we perform edit checks to verify field requirements are met (e.g., alpha data is not in a numeric only field, required fields are present, etc.). Once we successfully process your file, we will send you an acknowledgment to assure you we have received your information.

Reporting Requirements

Partnerships and LLCs interested in sending California Schedules K-1 (565 or 568), via CD or diskette, must follow the guidelines in this publication.

You must submit your California Partnership Return (Form 565) or LLC Return (Form 568), on paper (see page 9) or by e-file, **without Schedules K-1 attached.** Do not mail partnership or LLC returns with the paperless Schedules K-1.

1. This program is for timely current-year, original, part-year, or amended Schedules K-1. Current taxable years are tax periods **beginning** in 2012, as shown on Form 565 or Form 568. This includes calendar, fiscal, and short period returns.
2. Schedule K-1 (565 or 568) data for prior taxable years will be accepted **only** if formatted according to the prior taxable year's record layout and tested with the prior taxable year's K-1 TestWare.
3. Do not mix original, amended, or short period Schedules K-1 within the same transmission. In addition, each file should contain only one type of Schedule K-1 (either 565 or 568, **not** both).
4. California grants an automatic six-month extension to file. The partnership or LLC must remit any amount owed by the original due date of the return.
5. Submit Schedule K-1 data on CDs or diskettes. FTB does not accept Schedules K-1 (565 or 568) via tape reel.
6. Submit a maximum of 20 partnership/LLC files with at least one partners/members (Schedule K-1's) per transmission (CD).
7. The partnership or LLC must retain copies of the Schedule K-1 information in either a paper or an electronic format for four years from the original due date or for four years from the date the Schedule K-1 was filed.
8. When necessary, include any supporting documentation with the paper or e-filed Form 565 and Form 568. **Do not send or attach the California or federal Schedules K-1 to Form 565 or Form 568.**
9. All monetary amounts must be in dollars only. If you issued paper Schedules K-1 to partners or members with dollars and cents, round all amounts to whole dollars. When you round amounts, we understand that the total of each field in the transmitted file will differ from the amount shown on Forms 565 or 568 by the amount of the rounding.

10. Align numeric fields to the right and fill with zeros. All amounts are assumed to be positive unless a minus (-) sign is placed in the left-most position to indicate the amount is negative. Do not include a plus (+) sign to indicate the amount is positive.

    - -2312 = - 00000002312
    - 2312 = 000000002312
    - no entry = 000000000000

Penalties

California Revenue and Taxation Code Section 19183 (IRC Section 6721) allows us to impose a penalty on any partnership or LLC that fails to provide the name and address of the partners or members.

If you submit Paperless Schedules K-1 (565 or 568) with incomplete information or in an inappropriate format we may:

- Contact you for more information.
- Return the CD or diskette to the partnership or LLC for more information.

Either of these circumstances would delay processing and possibly subject the partnership or LLC to penalties.

Linking Form 565 or Form 568 with the Media

To ensure that Schedule K-1 data is posted and linked to the Form 565 or Form 568 accurately, please be sure to:

1. Confirm that the calendar/fiscal year beginning (TYB) and calendar/fiscal year ending (TYE) are exactly the same on the Form 565 or Form 568 return and corresponding Schedules K-1 (565 or 568).
2. Mail or e-file the partnership or LLC return and CD or diskette within the same month.
3. Write the following information in the upper left corner of Form 565 or Form 568 if the return was filed on paper:

“Sent Paperless Schedules K-1
Number of Schedules K-1 sent ______”

Note: If Form 565 or Form 568 was e-filed, enter the number of Schedules K-1 when prompted by your software.

Agreement to Comply with FTB Pub. 1098 (form FTB 1096)

Paperless Schedules K-1 are a substitute form. If you write software or prepare substitute Schedules K-1 on CD or diskette, you must submit a completed form FTB 1096 to the address on the form. Once the form is on record, we will provide you access to view online advanced drafts of our forms and publications.

For information on how to develop substitute tax forms, contact the Substitute Forms Program Administrator at 916.845.4522.

Transmittal of Paperless Schedules K-1 (565 or 568) on CD or Diskette (Form FTB 3604)

You must include a completed form FTB 3604 when sending Schedules K-1 (565 or 568) media files to FTB. If you are not the transmitter, please instruct the person sending the media to include FTB 3604. If the FTB 3604 is not included, we cannot process the data.

Acceptable Media

Submit Schedule K-1 information to us on standard recordable CDs or 3 1/2-inch diskettes.

FTB K-1 TestWare (565 or 568)

Use FTB K-1 TestWare to test Schedules K-1 (565 or 568). K-1 TestWare includes two programs, K-1 Verify and K-1 Convert. Also included are examples of how your files should look when they pass or fail the TestWare programs. K-1 TestWare ensures you will send error-free files to FTB. It is available on our website at www.ftb.ca.gov Search for: **paperless schedules k-1**.

K-1 TestWare includes only data integrity edits; it does not provide calculations of any kind. An example of a K-1 Edit Program Report is on page 37. Additionally, pages 31 through 36 help identify and locate errors.

K-1 Verify and K-1 Convert are PC-based programs. We request that you use these programs when you submit files on CDs or diskettes.

K-1 Verify

The K-1 Verify program edits Header, Detail, and Trailer records to ensure the fields are the correct length and position required by FTB. When your file(s) pass the K-1 Verify program edits, send only your production files via CD or diskette to FTB. Do **not** submit test files.

K-1 Convert

K-1 Convert expands spreadsheet or delimited files to a standard fixed-length format. This allows the K-1 Verify program to accurately process your records. K-1 Convert **does not** replace K-1 Verify.

Tips on using an Excel spreadsheet:

1. When saving your Excel spreadsheet, save it as a CSV (*.csv) (Comma separated) file.[1]
2. Use the Convert program **before** you drop the file onto the Verify program.
3. Do not use dashes or spaces with SSN or FEIN numbers.
4. When using Excel 2000 or later you must force the line control character by placing "Wrap Text" in the last defined field for every record, as suggested below:

H01 records

- Place the curser in the individual cell, under the "O" column.
- Select "Format Cell" then click on "Alignment" then select "Wrap Text."

D01 records

- Place the curser in the individual cell, under the "FW" column[2], selected all detailed records.
- Select "Format Cell" then click on "Alignment" then select "Wrap Text."

T01 records

- Place the curser in the individual cell, under the "D" column.
- Select "Format Cell" then click on "Alignment" then select "Wrap Text."

[1] View the delimited format by selecting "Open With" and choosing Word Pad."

[2] If you select the entire "FW" column, the .csv file will not format correctly. Use the "Wrap Text" option after selecting the individual cells for the detail records (D01) found in column "FW".

Section 7 – K-1 Edit Program Report

Overview

After receiving the file from the transmitter, we run the files through our K-1 Edit Program. This program checks every field of every record to ensure they conform to the values and format specified in this publication. If any record or field within the K-1 file fails to meet the edit criteria, the K-1 Edit Program produces a failed K-1 Edit Program Report, which is described in detail below.

Since format errors often repeat themselves throughout a file, we limit the total number of errors per file to 100. If we find more than 100 errors, the K-1 Edit Program stops reading the file and produces an error report. Records after the point where the edit program stopped are not edited until the first 100 errors are corrected.

For participants who submit their K-1 files via CD or diskette, we request that you use **K-1 TestWare** to ensure the files are error-free (see page 6 for more information concerning K-1 TestWare). K-1 TestWare allows you to view all errors contained within the file.

K-1 Edit Program Report

The explanations below correspond with the numbers listed on the sample K-1 Edit Report located on page 37.

1 Using form FTB 3604, which is required to accompany each CD or diskette, we enter the transmitter information into our database. This provides us with a contact person if there is an issue with the file.

2 **INPUT DATASET –** The dataset is used for internal tracking of Paperless Schedule K-1 files.

3 **FILE TYPE -** The transmitter indicates in the Header record if the file is test or production data. “TEST” indicates the file is a test and no data is retained. **Test files do not constitute valid filing**. “PROD” indicates the file is production and after successfully passing the edit program, the data will be used to update the partnership’s and LLC’s file. The Schedule K-1s are not considered filed until the production file has successfully passed our edits and is posted to the partnership’s or LLC’s account.

4 **FILE PASSED/FAILED -** “PASSED” indicates we identified no errors for that partnership or LLC. “FAILED” appears on this line when the edit program identifies an error condition for the specific partnership or LLC. The entire file fails the edit program when just one partnership or LLC is identified with a failed status.

(Continued)

5 **FILING PERIOD BEGIN** - This date must match the date entered on Form 565 or Form 568, “For calendar year 2012 or fiscal year beginning month, day, and year.”

6 **FILING PERIOD END** - This date must match the date entered on Form 565 or Form 568, “For calendar year 2012 or fiscal year ending month, day, and year.”

7 **HEADER FEIN -** The FEIN for the individual partnership or LLC, processed by the edit program.

8 **HEADER NAME 1 -** The NAME for the individual partnership or LLC, processed by the edit program.

9 **HEADER NAME 2 -** The DBA for the individual partnership or LLC, processed by the edit program.

10 **NUMBER OF SCH K-1s -** The number of detail records that “PASSED” the edit process for the individual partnership or LLC. The number of detail records must equal the number of partners or members reported on Form 565 or Form 568.

---------------------------------ERROR DETAIL SECTION-----------------------------------

11 **HEADER FEIN** - The FEIN for each partnership or LLC included in the file. The FEIN, in combination with the OCCURRENCE NO, will help you identify the specific record within the file that is in error. The report will display all blanks or zeros when the FEIN does not contain a valid entry.

12 **OCCURRENCE NO –** The Number of the exact Schedule K-1 record that is in error. It is used in combination with PTNRSHP/LLC FEIN, PTNR/MBR FEIN, and PTNR/MBR NAME to identify the exact record in error.

13 **DETAIL ID -** The FEIN for each partner or member must be included in the file. The FEIN, NAME, and OCCURENCE NO will help you identify the specific record within the file that is in error.

14 **DETAIL NAME 1 –** The program displays the NAME of each partner or member in order as it edits the file.

15 **FIELD NO/NAME** - Represents the 4-digit Field Number and abbreviated Field Name for the field with an error.

16 **ERROR MESSAGE -** Some error messages are specific to a field. Others (e.g., "NON NUMERIC VALUES IN NUMERIC FIELD") are more general. Use the information in FIELD VALUE, ERROR MESSAGE, and the K-1 Record Layout in this publication to determine the specific problem with a field. See "Commonly Found Errors" on page 36 or more information.

17 **FIELD VALUE -** The value the edit program found in the field. If a blank value is invalid and the edited field contains a blank, the report will display the word BLANK.

18 Lines 11 through 17 are used together to help you determine the specific record within the file that the edit program has identified as having an error. This group will be repeated for all errors found in the file or until the maximum of 100 errors are identified.

19 ************RUN ABORTED MORE THAN 100 ERRORS FOUND***********

This message appears when the system identifies more than 100 errors in the file during the edit process. If there are less than 100 errors, this message is not printed. The example on page 37 displays only two errors in order to save space. The actual report will display all 100 errors.

-----------------------------------END OF JOB REPORT-------------------------------------

20 **OVERALL TEST RESULTS –** When the edit program encounters one or more errors, the value "FAILED" will display. When there are no errors, the value "PASSED" will display. For multiple partnership or LLC files, the failure of just one of the partnerships or LLCs will result in an overall failure. All the records in a file must be valid for the file to pass.

21 **TOTAL NUMBER OF RECORDS -** The total number of Header, Detail, and Trailer records read in the file. Processing stops when the edit program encounters more than 100 errors. The report displays a count of the records completed before the program stopped.

22 **TOTAL NUMBER OF HEADERS -** The total number of Header Records (H01) read. There must be one Header Record for each partnership or LLC. For multiple partnership or LLC files, there must be a Header Record at the beginning of each file. Processing stops when the edit program encounters more than 100 errors. The report displays a count of the Header Records with matching Detail and Trailer Records completed before the program stopped.

K-1 Edit Program Report

23 **TOTAL NUMBER OF DETAILS -** The total number of partner or member Detail Records (D01) read. The number of detail records must match the number of Schedule K-1s (page 33, #10). There must be one Detail Record for each partner or member. Processing stops when the edit program encounters more than 100 errors. The report displays a count of the Header Records with matching Detail and Trailer Records completed before the program stopped.

24 **TOTAL NUMBER OF TRAILERS -** The total number of partnership or LLC Trailer Records (T01) read. For multiple partnership or LLC files, there must be a Trailer Record at the end of each file. Processing stops when the edit program encounters more than 100 errors. The report displays a count of the partnership Trailer Records, with matching Header Records completed before the program stopped.

25 **TOTAL NUMBER OF ERRORS** - The total number of errors found by the edit program. This number is never greater than 100. Detailed information for each error is found in the Error Detail Section of the report.

Commonly Found Errors

To locate errors, identify the **FEIN, Name, and Occurrence Number** of the error. Once you have located these identifiers, it will be much easier to recognize the error.

Note: The same type of error often has multiple occurrences.

FILE TYPE

We cannot pass data from files designated TEST to our mainframe for posting to an account. After you have successfully completed testing your program, be sure to change the File Type from "TEST" to "PROD."

SEQUENCE NUMBER DOES NOT EQUAL NUMBER OF DETAIL RECORDS

The Schedule Occurrence Number at the beginning of the Detail Record must be present and in ascending order beginning with 0000001. The last Schedule Occurrence Number equals the Number of K-1s for Fund (Field 0030) in the T01 record. In files that contain multiple partnerships or LLCs, reset the Occurrence Number to 0000001 for each partnership or LLC in the file.

PTNRS/MBRS ID INVALID, MUST BE NUMERIC, 'APPLD FOR', 'FOREIGNUS'

Partner's/Member's ID Number (Field 0030) must have an entry (FEIN, SSN, Corporation number), the constant 'APPLD FOR', or the constant 'FOREIGNUS'.

NAME FIELDS ARE ALL BLANK, NAME REQUIRED

Partner's/Member's Name 1 (Field 0040) and Partnership's/LLC's Name 1 (Field 0130) must have an entry.

ADDRESS FIELDS ARE BLANK, ADDRESS IS REQUIRED

Partner's/Member's Address 1 (Field 0070) and Partnership's/LLC's Address 1 (Field 0140) must have an entry.

STATE FIELD IS BLANK, STATE FIELD IS REQUIRED

Partner's/Member's State (Field 0100) and Partnership's/LLC's State (Field 0155) must have a valid postal state abbreviation or an acceptable literal if the address is a foreign address.

PARTNERS ENTITY TYPE NOT NUMERIC MUST BE '01' THRU '11'

Partner's/Member's Entity Type (Field 0210) must have an entry.

NON NUMERIC VALUE IN NUMERIC FIELD

If this error occurs on a percentage field (Fields 0230 through 0248):

- The field is blank: it must be a decimal format and zero filled (000.0000); or
- The field has an entry: it must be a decimal format (999.9999).

If this error occurs on an amount field:

- The field is blank: it must be zero-filled (000000000000); or
- The field has an entry: it must be in the following format (000000002333).
