If you prepare your clients' tax returns by hand, you must use the official forms as printed and distributed by the FTB or an FTB-approved substitute version.

By following these guidelines, you help expedite processing and get your clients' refunds to them faster.

As a tax practitioner, you do not need approval from us to computer-prepare your clients' tax returns. However, make sure that the tax software you use produces FTB-approved forms. Ask your software provider for a copy of its FTB-approval letter for the form(s) you want to prepare.

If you use electronic software that allows you the ability to create tax forms that your clients will file with the FTB, they may need our approval first.

To ensure you receive software updates and other information necessary to produce FTB-approved forms, register with your software provider, as necessary, upon receiving the product.

What's New for 2015

Payments and Credits Applied to Use Tax

For taxable years beginning on or after January 1, 2015, payments and credits will be applied first to the use tax liability, instead of income tax liabilities, penalties, and interest. The Use Tax line was moved under the "Total payments" line, and two new lines "Payment balance" and "Use tax balance" were added under the "Use Tax" line on the tax form. This change affects Forms 100, 100S, 109, 199, 540, 540 2EZ, 541, 565, and 568. For more information, go to ftb.ca.gov to see the individual forms.

Important Reminders

- Taxpayers may request Direct Deposit of their refund to two separate bank accounts on all Personal Income Tax Returns. If taxpayers have a ScholarShare 529 College Savings Plan account maintained by the ScholarShare Investment Board, they may have their refund directly deposited to their ScholarShare accounts.
- For Personal Income Tax Returns, the ARRP "RP" area is configured by the software you use and, when applicable, will print these codes to designate special processing:
 - 9 = Disaster
 - C = Spouse/RDP deceased
 - D = Taxpayer deceased
 - O = Outside the USA
 - U = Military - Combat Zone/Overseas

See the special instructions for "Disaster, Outside the USA, and Military Designations on Scannable 540 and Substitute Computer-Generated Forms 540, 540 2EZ, Long and Short 540NR, and 540X" on page 6.

- For Business Entity Income Tax Returns, the “RP” area is configured by the software you use and, when applicable, will print these codes to designate special processing:

9 = Disaster

F = CFC Motion Picture Credit

U = Military - Combat Zone/Overseas

See the special instructions for “Disaster, CFC Motion Picture Credit, and Military Designations on Substitute Computer-Generated Forms 100, 100S, 100W, 100X, 565, and 568” on the next page.

“Amount of Payment” – Exception for all Estimate Payment Forms

To better meet taxpayers’ expectations and enable us to optimize efficient processing of scannable estimate payment forms (Forms 100-ES, 540-ES, and 541-ES), we allow software programs to leave the taxpayer’s “Amount of payment” dollar amount blank. This provides a solution for your clients who determine their estimate payment amount at a later date allowing them to enter the payment amount by hand.

To help ensure accurate processing of your clients’ payments, use the current year’s payment forms when paying current year tax liabilities.

California Secretary of State (SOS) File No.

- The SOS file no. is **always** numeric and **must** begin with a “19” or “20.” (The “19” and “20” represents the first two digits of the year the file number was assigned to the taxpayer by the SOS.) (e.g., “200412345678”)
- The SOS file no. should be 12 digits long.
- If the SOS file no. is not available to you, the software you use will zero fill the SOS File No. field. (e.g., 000000000000)

Use of Hyphens in Street Address Field

Hyphens can only be used in the street address field for all personal income tax forms, business income tax forms, payment forms, and vouchers (scannable and substitute versions).

Disaster, Outside the USA, and Military Designations on Scannable Form 540 and Substitute Computer-Generated Forms 540, 540 2EZ, Long and Short 540NR, and 540X

We continue to enlist the support from preparers to identify their clients with a disaster, outside the USA, or military special processing requirement. In addition to instructions to “write the disaster, outside the USA, or military special circumstance, in red ink, in the top margin on Side 1,” of scannable Form 540, and substitute computer-generated Forms 540, 540 2EZ, Long and Short 540NR, and 540X, the tax software you use will print code “9” (Disaster), code “O” (Outside the USA), and code “U” (Military) in the ARRP area’s “RP” box. (Check with your software provider to see if they support this option.)

Disasters

Taxpayers affected by certain disasters are legislatively granted additional time to file tax returns and make tax payments, including estimated tax payments (Internal Revenue Code Section 7508A/ California Revenue and Taxation Code Section 18572). We **do** abate interest and any late filing or late payment penalties during the extension period.

Please ensure the following information is written in red ink in the top margin of your clients’ California tax return:

- Disaster – enter the specific name of the disaster (e.g., “DISASTER – Valley Wildfire 2015”).

Although the disaster code in the ARRP area’s “RP” box will tell us the taxpayer was affected by some disaster, we also need the **specific disaster identified in red ink** in the top margin of the return. With this specific information, we can process the return quickly with the correct extension, if an extension was granted, and adjust interest and penalties as needed.

For more details about how to claim a state tax disaster loss deduction for your clients, get FTB Pub. 1034, Disaster Loss How to Claim a State Tax Deduction.

Outside the USA

For taxpayers residing or traveling outside the USA on April 18, 2016, the deadline to file their tax return and pay the tax is June 15, 2016. Interest will accrue from the original due date until the date of payment. If additional time is needed to file, an automatic six-month extension will be allowed. To qualify for the extension, file the tax return by December 15, 2016.

When filing the tax return, write “**Outside the USA on April 18, 2016**” at the top of the tax return **written in red ink**, or include it according to your software’s instructions. To avoid any late-payment penalties, pay the tax liability by June 15, 2016.

Military – Combat Zone/Overseas

Combat Zone – Service members of the Armed Forces (including National Guard and reservists called to active duty) and civilians acting under the direction of the Armed Forces in support of those forces, are allowed an extension of 180 days after leaving a combat zone or qualified hazardous duty area (QHDA) for filing returns and paying taxes without interest or penalties. In addition to the 180 days, they are allowed an additional extension of up to 107 days (the number of days they were in a combat zone or QHDA during the filing season).

We need the following information **written in red ink** in the top margin of the return:

- Combat Zone
- Location or area served: _____
- Dates of deployment: From MM/DD/YYYY To MM/DD/YYYY

With this information, we can allow the correct extended due date, adjust interest and penalties as needed, and prevent premature billings from being mailed.

Military Overseas – Service members of the Armed Forces (including National Guard and reservists called to active duty) and Merchant Marines working beyond the boundaries of the United States, are allowed an extension of 180 days after returning from overseas for filing returns and paying tax without interest or penalties.

We need the following information **written in red ink** in the top margin of the return:

- Military Overseas
- Dates of deployment: From MM/DD/YYYY To MM/DD/YYYY

With this information, we can allow the correct extended due date, adjust interest and penalties as needed, and prevent premature billings from being mailed.

For more information, get FTB Pub. 1032, Tax Information for Military Personnel.

Disaster, CFC Motion Picture Credit, and Military Designations on Substitute Computer-Generated Forms 100, 100S, 100W, 100X, 565, and 568

We continue to enlist the support from preparers to identify their clients with a disaster, CFC Motion Picture Credit, or military special processing requirement on business entity tax returns. In addition to instructions to “write the disaster, CFC Motion Picture Credit, or military special circumstance, in red ink, in the top

margin on Side 1," of substitute computer-generated Forms 100, 100S, 100W, 100X, 565, and 568, the tax software you use will print code "9" (Disaster), code "F" (CFC Motion Picture Credit), and code "U" (Military) in the RP area's "RP" box. (Check with your software provider to see if they support this option.)

Disasters

Follow the Disaster instructions for Scannable Form 540 on page 6.

CFC Motion Picture Credit.

Taxpayers **attaching** form FTB 3541, California Motion Picture and Television Production Credit, to the tax return should **write** "CFC Credit" in red ink at the top margin of the tax return.

Military - Combat Zone/Overseas

Follow the Military instructions for Scannable Form 540 on page 6.

The FTB Conforms with IRS Notices 2004-54 and 2007-79

We will accept the same alternative forms of signature as described in IRS Notices 2004-54 and 2007-79. Specifically, it permits income tax return preparers to sign original returns, as well as e-file authorizations such as forms FTB 8453, California e-file Return Authorization for Individuals, FTB 8454, e-file Opt-Out Record for Individuals, FTB 8455, California e-file Payment Record for Individuals, FTB 8879, California e-file Signature Authorization for Individuals, by rubber stamp, mechanical device, or computer software program. These alternative methods of signing must include either a facsimile of the individual preparer's signature or the individual preparer's printed name.

Income tax return preparers who use alternative methods of signing must provide all of the other preparer information that is required on returns and extensions, such as the name, address, relevant employer identification number, the preparer's individual identification number (preparer tax identification number), and phone number.

To Verify Personal Income Tax Estimate Payments

A significant number of personal income tax returns are delayed during processing because taxpayers claim the wrong amount of estimate payment. Confirming personal income tax estimate payments first will resolve many issues where your clients claim amounts or payments that we do not have on record. This could expedite processing and reduce the number of notices your clients receive in connection with claiming the wrong amount of payments.

How can you help? Go to **ftb.ca.gov** and search for **myftb account** to view:

- Estimated tax payments
- Payment history
- Account summary
- FTB-issued 1099G and 1099-INT information
- Wage and withholding information

To complete one of the requests listed above for your client, tax professionals will need to register with a valid email address, your social security number, and one of the following identification numbers:

- Preparer tax identification number (PTIN)
- Electronic filer identification number (EFIN)
- California Tax Education Council (CTEC) number
- California Certified Public Accountant (CPA) number
- Enrolled agents: Use your PTIN or EFIN.

To view a client's account, tax professionals should have their client's permission and must provide the following information from the client's tax return:

- Client's social security number
- Client's last name
- Year of the tax return
- Filing status used on the tax return
- California AGI on the tax return

To ensure the security of taxpayer information, **be sure to use the log off button to exit** the "MyFTB Account." For information about your client's federal income tax account, please contact the IRS at 800.829.1040.

Envelope Guidelines

Follow these guidelines if you provide pre-printed envelopes or labels to customers for delivery to the FTB. Doing so will expedite processing and reduce processing problems.

- Use white envelopes only – **no colored envelopes**.
- Use sans serif fonts.
- Ensure envelopes you use contain the correct address and ZIP +4 extension.

Check with your envelope supplier to make sure your supply of envelopes have current year FTB mail addresses in sans serif font, or go to **ftb.ca.gov** and search for **mailing address**.

What is Needed to Computer-Prepare California Tax Forms

Tax practitioners must produce computer-prepared forms using:

- Software that produces FTB-approved forms
- Personal computer hardware required by the software to produce FTB-approved forms (i.e., printer fonts, etc.)
- Good quality, white, standard, stock machine paper (8 1/2 x 11 at minimum 20 lb. weight)
- Black ink
- Software user manuals that include instructions for correctly producing FTB-approved forms

In addition, reading your software provider's user manual (and ALL "Read Me's," etc.) will help ensure you have the necessary hardware and printer fonts to correctly produce FTB-approved forms. **Note:** "Read Me's" are a great resource tool to learn about enhancements or revisions made to the software you use.

All printing must be:

- Laser or ink jet
- Courier 12-point, or standard print font (no bold font)
- Alpha characters must be in upper case
- Original printed output (no corrections or photocopies accepted)
- On one side of the paper (scannable forms only; see list on page 2)

General Information About Scannable Form 540

(A graphic of this form is shown on page 18.)

We use an automated processing system to capture information from scannable Form 540, rather than having the information entered manually by key data operators.

Scannable Form 540 **must** have a scannable band (scanband) area that contains the taxpayer's tax data. The scanband directly follows the taxpayer's entity area (Name and Address) on Side 1. The two and three-digit field numbers and amounts in the scanband correspond to the line numbers on the tax return. Dependents, direct deposit, and tax preparer information

appear in the scanband. Even though the tax data will print in the scanband and the conventional area of the form, we “capture” only the tax data in the scanband. Monetary amounts in the scanband **must** be whole dollars only, without decimal points or other punctuation. The rest of scannable Form 540 is like the official form.

To ensure the integrity of the scanband data, if any corrections are made, you must reprint the entire scannable Form 540 tax return before your client (or you) mail it to the FTB.

We will capture the tax practitioner’s identification number, i.e., federal employer identification number (FEIN), and the preparer’s tax identification number (PTIN) from all personal and business entity (corporation, partnership, limited liability company) income tax returns.

Guidelines on How to Enter Taxpayer Entity Information on Computer-Prepared Personal Income Tax Returns (Scannable Form 540 and Substitute Forms 540, 540 2EZ, Long and Short 540NR, and 540X)

Miscellaneous Information

Tax Preparer Identification Number: Paid Preparer Information.

Effective January 1, 2011, the IRS requires a paid tax preparer to get and use a preparer tax identification number (PTIN). If the preparer has a federal employer identification number (FEIN), it should be entered only in the space provided.

Direct Deposit of Refund (DDR)

DDR is available to your clients who file their personal income tax return Forms 540, 540 2EZ, Long 540NR, and Short 540NR electronically or on paper and to your business entity clients who file Forms 100, 100S, 100W, and 109. When your clients select this option, be sure to complete **ALL DDR fields** in the "Direct Deposit of Refund" area Side 5 on Form 540; Side 4 on Form 540 2EZ; Side 3 on Forms Long 540NR and Short 540NR; Side 2 on Forms 100, 100S and 100W; and Side 1 on Form 109.

Mandatory Electronic Payments – Your personal income tax clients are required to remit their payments electronically if they make an estimate or extension payment exceeding \$20,000 or if the total tax liability shown on their original tax return exceeds \$80,000 for any taxable year that begins on or after January 1, 2009. Once your clients meet the threshold, all subsequent payments regardless of amount, tax type, or taxable year must be remitted electronically. Individuals that do not send the payment electronically will be subject to a 1% noncompliance penalty. Electronic payments can be made using Web Pay on FTB's website, electronic funds withdrawal (EFW) as part of the e-file return, or their credit card. For more information, go to **ftb.ca.gov** and search for **mandatory epay**.

Payment Options

- **Electronic Funds Withdrawal** – Instead of paying by check or money order, use this convenient option if you e-file. Simply provide your bank information, amount you want to pay, and the date you want the balance due to be withdrawn from your account. Your tax preparation software will offer this option.
- **Web Pay** – Your clients can enjoy the convenience of online bill payment with Web Pay. This secure service lets them pay the current amount owed and schedule future payments, such as estimated tax, up to one year in advance. They select the amount to pay and when to pay it. We deduct the payment from their bank account on the date selected. Your client's social security number or ITIN, bank account and routing number is needed to use this service. For more information go to **ftb.ca.gov** and search for **web pay**.

Business entity income tax clients can make payments electronically at the FTB website with Web Pay. After a one-time online registration, your business entity clients can make an immediate payment or schedule payments up to a year in advance. For more information, go to **ftb.ca.gov** and search for **web pay**.

- **Credit Card** – Whether your clients e-file or file by mail, they may use their Discover, MasterCard, Visa, or American Express to pay their tax (tax return balance, extension payment, estimated tax payment, or tax due with bill notice). They can make payments online or by phone. For more information about fees, etc., call 800.272.9829, or visit **officialpayments.com**.
- **Check or Money Order** – Using the current year's form to make a current year payment, your clients should:

1. Make a check or money order payable to the "Franchise Tax Board."

Using black or blue ink, make all checks or money orders payable in U.S. dollars and drawn against a U.S. financial institution.

2. Write their tax ID number (SSN or ITIN, FEIN, CA corp. no., or CA SOS file no.), tax form, and tax year on the check or money order.
3. Mail the payment to the correct address. Go to ftb.ca.gov and search for **mailing address**.

What are Keying Symbols?

Keying symbols are important. Although we process most personal income tax returns through our automated imaging system, there are times when certain returns require manual intervention by us.

Keying symbols are shown on all computer-prepared tax returns, including the conventional areas of scannable Form 540. They will print to the left of specified tax data line numbers. They reduce time and guide key data operators to enter the correct tax return information.

Exact placement, shape, and size of keying symbols that will be present on the 2015 personal and business income tax returns is shown below in the snapshot of a 2015 Form 540.

Before you give your clients their tax returns to file, please verify that these symbols are present. If they are not present, please read your software company's user manual to make sure you have the minimum hardware and printer fonts necessary to print FTB-approved forms. If you cannot determine why the keying symbols do not print correctly, contact your software provider's technical support staff.

Fiscal Year Filers

If any of your clients file their personal income tax return on a fiscal year basis, the tax software you use must accommodate their needs. Not all tax software products support the filing of fiscal year personal income tax returns. As a result, you may need to complete the tax returns for your fiscal year clients by hand.

Always remember to enter the fiscal year date as the filing date for your fiscal year clients; otherwise, we will process the tax return as a calendar year tax return. When this happens, the tax return most likely will appear to be delinquent in some way. As a result, your fiscal year clients could receive a delinquent or late payment of tax penalty or an underpayment of estimated tax penalty and may be assessed interest.

Contact your software provider and confirm the tax software you use supports fiscal year filing for personal income tax filers.

Prior Year and Amended Returns

Do not use 2015 software to file a prior year tax return. File current year forms for current year tax liabilities. (e.g., Use the 2016 Form 540-ES to make 2016 estimate tax payments.)

Amend personal income tax Forms 540, 540 2EZ, and Long or Short 540NR by completing Form 540X, Amended Individual Income Tax Return. When amending Long or Short Form 540NR, you **must** also attach a revised Long or Short Form 540NR to Form 540X.

Amend corporate income tax Forms 100, 100S, and 100W by completing Form 100X, Amended Corporation Franchise or Income Tax Return.

Amend partnership and limited liability company (LLC) Forms 565 and 568 by completing a new Form 565 or 568. Check the box marked "Amended return" on side 1 of each form. For more information on how to file amended partnership and LLC returns get the Form 565 or Form 568 tax booklet.

Get form FTB 3567, Installment Agreement Request, for information on how to request an installment agreement plan for your clients. For more information or to download forms to request an installment agreement, go to ftb.ca.gov and search for **installment agreement**.

Remind your clients NOT to mail any payment form, listed above to the FTB if the "Amount of payment" is zero (0).

FTB Taxpayer Signature and Authentication Policy

Our policy is to ensure proper authentication of the information provided to us by taxpayers. The level of authentication needed on specific documents depends on several factors, including how we use the information. To help you determine whether or not we will accept photocopies or facsimiles of a taxpayer's signature, we have categorized the level of signature authentication required into three groups. The category and its number (C1, C2, or C3) will print after the form number on each tax form. The three categories are:

- Category 1 (C1) Original authentication required; facsimiles acceptable only if original is subsequently provided.
- Category 2 (C2) Copy of signature is sufficient proof that original was signed; photocopy or facsimile is acceptable.
- Category 3 (C3) No authentication required.

Additional Credit Names, Codes, and Acronym Names

The tax software you use should include the credit acronym and code number for each additional credit shown below. See *"Claiming Additional Credits on Personal and Business Entity Tax Returns (Forms 100, 100S, 100W, 540, and Long Form 540NR)"* on page 12.

Additional Credits

Field numbers 43 and 44 in the scanband on scannable Form 540 are where your clients' additional credit amounts, if any, print. The appropriate three-digit numeric credit code **must** precede the additional credit amount.

Additional Credit Example

Dependent Parent Credit (code 173) of \$20 in field number 43. The scanband on Form 540 will look like this:

43 17320

Claiming Additional Credits on Personal and Business Entity Tax Returns (Forms 100, 100S, 100W, 540, and Long Form 540NR)

When your clients claim additional credits, the credit acronym, code, and amount should print on the applicable lines of Forms 100, 100S, 100W, 540, and Long Form 540NR. (The credit acronym, code, and amount of credit will print on the applicable line on Side 3 of scannable Form 540.)

When a client claims credits on Schedule P (100, 100W, 540, or 540NR) and the credits are listed in more than one section, the tax software you use should total column (b) of the credits that have the same codes and bring the total forward to the applicable line of the tax return being filed.

If your client has any other credits to claim on Schedule P (100, 100W, 540, or 540NR), the tax software you use should add the amounts from column (b) for those credits and bring the total forward to the applicable line of the tax return being filed.

California's e-file Program

California R&TC Section 18621.10 requires any business entity that files an original or amended tax return that is prepared using tax preparation software to e-file their tax return with the FTB. For more information, go to ftb.ca.gov and search for **business efile**.

California R&TC Section 18621.9 requires practitioners who prepare more than 100 individual state income tax returns annually and who prepare one or more current year returns using tax preparation software to e-file. For more information about mandatory e-file, go to ftb.ca.gov and search for **mandatory e-file**.

The FTB and the IRS have approved over 350,000 tax practitioners to provide e-filing services to more than 14 million California taxpayers expected to e-file during the 2015 filing season. Participating in the California e-file Program has many benefits for you and your clients. Here are some highlights:

- **Faster refunds** – Refunds can be deposited directly into your client's bank account within five to seven banking days after the tax return is filed.
- **Proof of receipt** – We provide acknowledgement that we have accepted the tax return for processing.
- **Opportunity to correct errors** – Our system performs up-front edits on all incoming e-file tax returns. We let you know if we detect any errors, what those errors are, and allow you time to make any corrections. This step reduces subsequent notices to your clients.
- **Accurate tax returns** – Because most errors can be resolved before we accept your tax return for processing, less than one percent of e-file tax returns require special handling.
- **Safe** – We use the latest technologies to ensure the security and privacy of all taxpayer information. Our Secure Web Internet File Transfer System (SWIFT) only allows HTTPS and FTPS protocols plus 128-bit Encryption using digital certificates from VeriSign. We have never experienced a breach of security in our e-file program. We have successfully processed over 128 million e-filed tax returns since 1994.

California e-file Program Enrollment Requirements (Individual and Business e-file)

FTB does not require e-file providers to submit a separate enrollment application for authorization to electronically file individual or business tax returns.

Providers approved to participate in the IRS Electronic Filing (e-file) Program are automatically enrolled in the California e-file Program. In addition, we will automatically receive any updates that you make to your IRS account.

Requirements for e-file participation:

To be automatically enrolled in our e-file program, you must be an accepted participant in the IRS e-file Program. We receive confirmation from the IRS after they accept you into their program.

Use your IRS-assigned Electronic Filer Identification Number (EFIN) to e-file with the FTB. If you transmit returns, use your IRS-assigned Electronic Transmitter Identification Number (ETIN) with the FTB.

Comply with the guidelines in FTB Pub. 1345, Handbook for Authorized e-file Providers.

Once you receive your IRS EFIN, you can verify your enrollment with California by contacting e-Programs Customer Service at 916.845.0353.

Filing Business Entity Returns

To ensure accurate and timely processing of your clients' business entity returns that require Schedules K-1 (100S, 541, 565, or 568), use software that produces FTB-approved schedules. Make sure that the substitute forms you use meet our requirements. Schedules K-1 (565 and 568) filed with incomplete information may cause us to contact the partnership or limited liability company (LLC) for more information or return the Schedules K-1 to the partnership or LLC. Either circumstance may subject the partnership or LLC to penalties.

Do not file

- K-1 data on microfiche or diskette
- Federal Schedule K-1 (1065)
- Database printout information
- Abbreviated schedules

California Encourages Tax Preparers to File Paperless Schedules K-1 (565 or 568)

For the highest rate of accuracy and rapid processing of your clients' Schedules K-1 (565 or 568), file them on CD or portable USB/flash drive.

If you want to produce Schedules K-1 (565 or 568), use software that produces FTB-approved paperless formatting or contact a professional who can format them for you. For more information, go to ftb.ca.gov and get FTB Pub. 1062, Guide for Filing Paperless Schedules K-1 (565 or 568).

Mail Forms 565 and 568 to the FTB using the appropriate addresses. **Do not** attach paper Schedules K-1 (565 or 568).

Compliance with Partnership and LLC Filing Requirements for Paperless Schedules K-1 (565 and 568)

Before you submit your clients' paperless Schedules K-1 (565 or 568), make sure you complete the procedures shown below. Doing so will further ensure error-free files and timely processing.

- Mail Forms 565 and 568 to the FTB using the appropriate addresses. **Do not** attach paper Schedules K-1 (565 or 568).
- Confirm Schedules K-1 (565 or 568) have been formatted and put on a CD or portable USB/flash drive for **each** person identified on Forms 565, Question K or 568, Question J.
- Confirm all fields on the Schedules K-1 (565 or 568) are formatted and completed as described in FTB Pub. 1062.
- Verify the paperless Schedules K-1 (565 or 568) that you format on a CD or portable USB/flash drive reconcile to Forms 565 or 568, Schedule K-1 (565 or 568), and have been pre-tested with the K-1 (565 or 568) TestWare.
- Provide your clients with the information contained on their paperless Schedules K-1 (565 or 568) before April 15, or the applicable filing date. **Reminder:** The information you provide your clients does not have to print on a Schedule K-1 (565 or 568); it may be in a test format.

You can download and send multiple partnership and LLC Schedules K-1 (565 or 568) to us on the same CD or portable USB/flash drive. It is not necessary to provide a separate CD or portable USB/flash drive for each individual partnership or LLC. Use form FTB 3604, Transmittal of Paperless Schedules K-1 (565 or 568) on CD or Portable USB/Flash Drive, to provide the name, FEIN, and number of Schedules K-1 (565 or 568) that are included for each partnership or LLC on the CD or portable USB/flash drive.

K-1 (565 or 568) TestWare

We provide K-1 (565 or 568) TestWare as a tool to help you accurately prepare paperless Schedules K-1 (565 or 568). The program validates the K-1 (565 or 568) files and enables you to submit your clients' Schedules K-1 (565 or 568) error-free via CD or portable USB/flash drive. The TestWare can also expand your files from a delimited format into the format required to process the K-1 information through our system. **Reminder:** You can download a copy of the K-1 (565 or 568) TestWare at ftb.ca.gov and search for **k-1 testware** or you can call e-Programs Customer Service at 916.845.0353.

Substitute Schedules K-1 (565 or 568) Filing Requirements

If you choose to develop your clients' Schedules K-1 (565 or 568) (paperless or paper format), you must follow the same substitute forms review and approval requirements used by tax software developers, transfer agents, and others. You must complete and return to the FTB form FTB 1096, Agreement to Comply with FTB Pub. 1098, Annual Requirements and Specifications. FTB Pub. 1098, Annual Requirements and Specifications for the Development and Use of Substitute, Scannable, and Reproduced Tax Forms, includes the information you need to develop FTB-approved forms. To get a copy of form FTB 1096 or FTB Pub. 1098, go to ftb.ca.gov and search for **ctp**.

The paper format of Schedules K-1 (565 or 568) may be either a one-sided or two-sided format. The one-sided format includes only those tax data lines applicable to the partner or member. The two-sided format includes all tax data lines. Software companies choose the format to include in their tax products and both formats require approval from the FTB.

Common Trusts and Investment Clubs

Common trust funds and investment clubs should use Form 565, Partnership Return of Income, to report their filing information. To help ensure accurate processing, common trust funds are required to use the principal business activity (PBA) code 525920. Investment clubs are required to use PBA code 523910. For more information, see the instructions for federal Form 1065, U.S. Partnership Return of Income.

Power of Attorney (POA)

We have a centralized POA database where we store POA declaration information we receive from your customers and clients. Only authorized FTB employees can view the POA declaration information.

We can mail a copy of most FTB computer-generated notices (some computer-generated notices are not yet available for this service) to the primary representative.

For more information about Power of Attorney, go to ftb.ca.gov and search for **poa**.

PLEASE NOTE: When filing a Power of Attorney from any other state agency, the form used must clearly state that the taxpayer wishes to be represented for FTB matters by specifying the exact tax year and California form number in question (e.g., 2015 California Form 540).
