

2018 Instructions for Form FTB 8879

California e-file Signature Authorization for Individuals

DO NOT MAIL THIS FORM TO THE FTB

General Information

A Purpose

Form FTB 8879, California e-file Signature Authorization for Individuals, must be completed when an individual e-file tax return is being signed using the Practitioner PIN method. By signing this form, the taxpayer authorizes the electronic return originator (ERO) to enter the taxpayer's personal identification number (PIN) on his or her 2018 e-filed California individual income tax return. This is a one-time authorization applicable only to this specific tax return.

Form FTB 8879 does not serve as proof of filing your tax return – your proof of filing is the acknowledgement containing the date we accepted your tax return.

Do not use form FTB 8879 if the taxpayer(s) will sign form FTB 8453, California e-file Return Authorization for Individuals, or will enter their own PIN and shared secret (prior year California AGI).

B Practitioner PIN Method

The Practitioner PIN method is an electronic signature option for taxpayers e-filing their individual income tax return through an ERO. To select this method, both the taxpayer(s) and ERO must sign form FTB 8879. When using this method, the taxpayer generally does not need to supply a shared secret with their PIN. The Practitioner PIN method can be used when the taxpayer's shared secret is not known or the taxpayer cannot physically enter their PIN on their ERO's computer.

For taxpayers who are married or RDPs filing jointly, it is acceptable for one spouse/RDP to authorize the ERO to enter his or her PIN and the other to choose to enter his or her own PIN. In this scenario, the spouse/RDP entering his or her own PIN must also provide the correct shared secret. It is not acceptable for one spouse/RDP to enter both PINs.
