Section 1: Introduction

Welcome

Thank you for participating in SWIFT for resident, nonresident, and real estate withholding.

This guide contains technical information you need to prepare withholding forms for submission through SWIFT, including:

- Data entry procedures.
- ERROR and WARNING code descriptions.
- Suggestions for fixing errors.

This guide supplements and contains references to our [SWIFT Transmitter User Guide](#), which contains details about SWIFT registration and use.

Contact Us

For assistance with withholding and SWIFT, contact Withholding Services and Compliance:

Email: wscs.swift@ftb.ca.gov.

Telephone: **888.792.4900** from within the United States
916.845.4739 from outside the United States

For SWIFT technical assistance (user ID and password problems), refer to [SWIFT frequently asked questions](#), or call 916.845.3778.

Section 2: SWIFT Overview

What is SWIFT?

SWIFT provides a secure method to transfer files to and retrieve files from us. It allows batch transfer of forms quickly and securely via the Internet using HTTPS or FTPS.

You can use SWIFT to e-file individual or business entity tax returns.

Benefits of Using SWIFT

- **Proof of Receipt** – We provide you a receipt to acknowledge we received your file.
- **Paperless Processing** – Our customers no longer submit any paper forms to us for processing.
- **Opportunity to Correct Errors** – Our system performs up-front edits on the file. We will notify you within 48 hours if the data you submitted contains errors and to identify the errors. We will allow time for you to make corrections. This reduces subsequent contact with withholding agents to fix mistakes.
- **Secure Internet Transmission** – We use the latest technology to ensure the security and privacy of all taxpayer data. We receive files via 128-bit Secure Socket Layer encryption.

Getting Started

Contact us for a user ID and password.

In addition to your SWIFT login credentials, we provide you with two secure mailboxes:

- ToFTB: the place you upload files for us to process.
- FromFTB: the place we put files for you to retrieve.

For more information about registering for SWIFT and to get a user ID and password, see the contact information in [Section 1](#).

Section 3: Preparing a Real Estate Withholding SWIFT File

Creating and Saving a File

The file you provide us will contain the same information you complete on [Form 593](#), *Real Estate Withholding Tax Statement*, for each seller of real estate.

Refer to Sections 5 through 8 for helpful hints and standard abbreviations used to ensure your data is acceptable.

SWIFT submissions must include one file containing the withholding agent and seller information from all Forms 593 for the month, as we explain in [Form 1023-R](#), *Real Estate Withholding Electronic Submission Requirements*.

File Format – We accept files in the Comma Delimited (CSV) format. Name the file with the name or business name of the withholding agent (e.g., johnsmithtitleco.csv). **Microsoft Excel users:** save the spreadsheet of Form 593 data in the CSV format when complete.

Paper Forms – Real Estate Escrow Persons (REEP) who use SWIFT to send real estate withholding data should not file paper Forms 593 with us. However, you must continue to provide paper Forms 593 to sellers of real estate to indicate their withholding amounts.

Due Date – The due date for the SWIFT file submission and payment is the same as the due date for the paper Form 593 and payment, which is the 20th day of the calendar month following the month escrow closes. See [FTB Publication 1016](#), *Real Estate Withholding Guidelines*, for additional information.

To ensure timely processing, send the file a few business days before the 20th day of the month.

Amended Forms – Do not include amended forms in the electronic file submission. See Form 593 instructions for details on how to submit amended forms.

Submitting Payment

Once you submit your file and we accept it, send the total withholding payment by:

- Electronic Funds Transfer ([EFT](#)), our preferred method to receive payments.
- Check with [Form 593-V](#), *Payment Voucher for Real Estate Withholding*.

Section 4: Preparing a Resident and Nonresident Withholding SWIFT File

Creating and Saving a File

The file you provide us will contain the same information you complete on [Form 592](#), *Resident and Nonresident Withholding Statement* or [Form 592-F](#), *Foreign Partner or Member Annual Return*.

Refer to Sections 5 through 8 for helpful hints and standard abbreviations used to ensure your data is acceptable.

SWIFT submissions must include one file containing the withholding agent and payee information from Forms 592 or 592-F, as we explain in [Form 1023-S](#), *Resident and Nonresident Withholding Electronic Submission Requirements*.

File Format – We accept files in the Comma Delimited (CSV) format. Name the file with the name or business name of the withholding agent (e.g., johnsmithagent.csv). **Microsoft Excel users:** save the spreadsheet of Form 592 or Form 592-F data in the CSV format when complete.

Paper Forms – Withholding agents who use SWIFT to submit resident and nonresident withholding data should not file paper Forms 592 or 592-F with us. However, withholding agents must continue to provide paper Forms 592-B, *Resident and Nonresident Withholding Tax Statement*, to payees to indicate their withholding amounts.

Due Date – The due date for the SWIFT file submission and payment is the same as the due date for paper Forms 592 and 592-F and payments. See [FTB Publication 1017](#), *Resident and Nonresident Withholding Guidelines*, for additional information.

Amended Forms – Do not include amended forms in the electronic file submission. See Form 592 and Form 592-F instructions on how to submit amended forms.

Submitting Payment

Once you submit your file and we accept it, send the total withholding payment by:

- Electronic Funds Transfer ([EFT](#)), our preferred method to receive payments.
- Check with Form 592-V, *Payment Voucher for Resident and Nonresident Withholding* (for residents and nonresidents), or with Form 592-A, *Payment Voucher for Foreign Partner or Member Withholding* (for foreign partners or members).

Section 5: Entity Entry Instructions

Use these guidelines for entering identification (ID) numbers and address information for Forms 592, 592-F, and 593. These guidelines supplement [Form 1023-R](#), *Real Estate Withholding Electronic Submission Requirements*, and [Form 1023-S](#), *Resident and Nonresident Withholding Electronic Submission Requirements*.

Follow these guidelines to prevent errors in the file, which can result in a rejection of the file for correction, as we explain in [Section 10](#) and [Section 11](#).

Go to ftb.ca.gov and search for **SWIFT** for examples of how to create a Microsoft Excel file.

General Instructions

- Omit punctuation or symbols, unless specifically allowed.
- Use only these symbols in the “Entity” and “Address” fields of the form:
 - If a fraction is part of the street address, enter a forward slash (/).
 - The symbols forward slash (/), hyphen/dash (-), and number (#) are the only special characters allowed in the “Address” fields.

ID Number and ID Type

- **Do not enter dashes in the ID number.**
- Social Security Number (SSN)
 - Must contain nine numeric characters.
 - First digit **cannot** be an 8.
- Taxpayer Identification Number (TPID)
 - Must contain nine numeric characters.
 - First digit is 8.
- Individual Taxpayer Identification Number (ITIN)
 - Must contain nine numeric characters.
 - First digit is 9.
- Federal Employer Identification Number (FEIN)
 - Must contain nine numeric characters.
- California Corporation Number (CaCorp)
 - Must contain seven numeric characters.

Address Fields

- Use the standard abbreviations in [Section 6](#) for the suffix of the street name.
- Apply the standard abbreviations if the address exceeds the field length. If it is still too long, truncate the address.
- Enter **PMB** followed by the box number in the “Address Line 2” field if the taxpayer has a personal mail box. If the “Address Line 2” field has other information, enter the PMB at the end of the “Address Line 1” field. Never truncate PMB information.
- Enter supplemental information, such as **Care of** name or business name, in the “Address Line 2” field. Omit the notations **c/o** and **ATTN**.
- Use the standard two-letter abbreviation for the state or United States possession in the “State” field, as we show in [Section 7](#).

Foreign Addresses

- Do not make an entry in the “State” or “ZIP Code” fields.
- Use specific foreign address rules for the following:
 - Hong Kong - enter **Hong Kong** in the “City” field and **China** in the “Country” field.
 - Singapore - enter **Singapore** in both the “City” and “Country” fields.
 - Baja California - enter **Mexico** in the “Country” field.
 - Canada - enter **Canada** in the “Country” field, followed by the province abbreviation, as we show in [Section 7](#).

Section 9: Transmitting a Completed SWIFT File

Overview

After you create a file, it is ready to be transmitted to us. Use your secure SWIFT mailboxes to do this. You must have your user ID and password, as we explain in [Section 2](#).

Refer to pages 6 through 13 of the [SWIFT Transmitter User Guide](#) for details about logging in and transmitting files.

Transmission File Structure

As we explain in [Section 3](#), we accept files in the Comma Delimited (CSV) format. Name the file using the name or business name of the withholding agent (e.g., johnsmithtitleco.csv).

Microsoft Excel users: save the spreadsheet of Form 592, Form 592-F, or Form 593 data in the CSV format when complete.

Receipt Response

Once you send the SWIFT file to us using your “ToFTB” mailbox, you receive a receipt in your “FromFTB” mailbox. The receipt contains your user ID, date and time the file arrived, and a serial number for reference purposes.

Once we provide your receipt, we begin a series of pre-processing edits on the data to ensure the file meets specifications. As we describe below, you receive an Acknowledgment (ACK) when the file has been pre-processed.

Refer to page 15 of the [SWIFT Transmitter User Guide](#) for details about logging in and retrieving your receipt.

The following example shows the content of the receipt text (.txt) file you receive:

Receipt Example

```
Transmission ID: wsjohnsmithtitleco
Arrival TimeStamp: 02/27/08, 14:31:37 PST
FTB Serial #: 30800002
[*Please allow FTB 48 hours to process your transmission and provide you an ACK to
acknowledge its results.]
```

Section 10: ACK Response for Real Estate Withholding Files

Once we pre-process the file that allows us to check the file content by running up-front edits, you receive an ACK in your “FromFTB” mailbox detailing the specifics of the file. In addition, the ACK notifies you of ERRORS, WARNINGS, and the BALANCE DUE for the file.

The following examples show the types and content of the ACK text (.txt) files you may receive.

See [Section 12](#) for WARNING code details and instructions for correcting ERRORS.

Example #1: File ACCEPTED – BALANCE DUE

In this example, the file is accepted, and we provide you a BALANCE DUE based upon the total amount of withholding from the Form 593 data in your file.

```
ACKNOWLEDGMENT DATE: 08/24/2007 10:31:31 AM
FILE NAME: wsjohnsmithtitleco.johnsmithtitleco.5022221.csv
SWIFT ID: wsjohnsmithtitleco
ACCEPTED: The file you submitted has been ACCEPTED for processing.
BALANCE DUE: The total real estate withholding payment due for this file is $x,xxx.
Please call FTB at 888.792.4900 if this amount does not match your records.
Reminder: Real estate withholding payments are due the 20th of the month following the
month the escrow closes.
```

The example above is broken down as follows:

The first section contains details about the processing of your file.

```
ACKNOWLEDGMENT DATE: 08/24/2007 10:31:31 AM
FILE NAME: wsjohnsmithtitleco.johnsmithtitleco.5022221.csv
SWIFT ID: wsjohnsmithtitleco
```

The second section contains the BALANCE DUE calculated from your file. Be sure to compare our calculation with your records.

```
ACCEPTED: The file you submitted has been ACCEPTED for processing.
BALANCE DUE: The total real estate withholding payment due for this file is
$x,xxx. Please call FTB at 888.792.4900 if this amount does not match your
records.
Reminder: Real estate withholding payments are due the 20th of the month
following the month the escrow closes.
```

Example #2: File ACCEPTED – WARNINGS and BALANCE DUE

In this example, the file is ACCEPTED and we provide you a BALANCE DUE based upon the total amount of withholding from the Form 593 data in your file.

However, we also provide informational WARNINGS that certain information was not completed correctly. We still ACCEPTED the file and changes are not required, but you may contact us if you disagree with our modifications.

See [Section 12](#) for WARNING code details and instructions for correcting ERRORS.

Section 11: ACK Response for Resident and Nonresident Withholding Files

Once we pre-process the file that allows us to check the file content by running up-front edits, you receive an ACK in your “FromFTB” mailbox detailing the specifics of the file. In addition, the ACK notifies you of ERRORS, WARNINGS, and the BALANCE DUE for the file.

See [Section 12](#) for WARNING code details and instructions for correcting ERRORS.

The following examples show the types and content of the ACK text (.txt) files you may receive:

Example #1: File ACCEPTED – BALANCE DUE

In this example, the file is ACCEPTED and we provide you a BALANCE DUE based upon the total amount of withholding from the Form 592 or Form 592-F data in your file as compared to our records.

```
ACKNOWLEDGMENT DATE: 08/24/2007 10:31:31 AM
FILE NAME: wsjohnsmithagent.johnsmithagent.5022221.csv
SWIFT ID: wsjohnsmithagent
ACCEPTED: The file you submitted has been ACCEPTED for processing.
IMPORTANT MESSAGE: The total tax year credits of $x,xxx in the “Amount Withheld by Another Entity” and “Prior Payments” and/or “Foreign Prior Year Credit” fields do not match our records of $x,xxx, and the BALANCE DUE or OVERPAYMENT for this file will be adjusted according to our records.
BALANCE DUE: The total nonresident withholding payment due for this file is $x,xxx. Please call FTB at 888.792.4900 if this amount does not match your records.
```

The example above is broken down as follows:

The first section contains details about the processing of your file.

```
ACKNOWLEDGMENT DATE: 08/24/2007 10:31:31 AM
FILE NAME: wsjohnsmithagent.johnsmithagent.5022221.csv
SWIFT ID: wsjohnsmithagent
```

The second section contains the BALANCE DUE calculated based upon a comparison of your file to our records. Be sure to compare our calculation with your records.

Note: The IMPORTANT MESSAGE may not be applicable to every file we process. However, this message lets you know of any discrepancies that may occur between our records and any tax year credits you reported in your file. THE BALANCE DUE or OVERPAYMENT for your file will be adjusted based upon our records.

```
ACCEPTED: The file you submitted has been ACCEPTED for processing.
IMPORTANT MESSAGE: The total tax year credits of $x,xxx, in the “Amount Withheld by Another Entity” and “Prior Payments” and/or “Foreign Prior Year Credit” fields do not match our records of $x,xxx, and the BALANCE DUE or OVERPAYMENT for this file will be adjusted according to our records.
BALANCE DUE: The total nonresident withholding payment due for this file is $x,xxx. Please call FTB at 888.792.4900 if this amount does not match your records.
```

Example #2: File ACCEPTED – WARNINGS and BALANCE DUE

In this example, the file is ACCEPTED and we provide you a BALANCE DUE based upon the total amount of withholding from the Form 592 or Form 592-F data in your file.

However, we also provide informational WARNINGS that certain information was not completed correctly. We still ACCEPTED the file and changes are not required, but you may contact us if you disagree with our modifications.

See [Section 12](#) for WARNING code details and instructions for correcting ERRORS.

Section 12: ERROR Codes and WARNING Messages

Each ACK contains specific information to help you determine where an ERROR occurred in the file submitted. It includes data that defines the row and column number of your file, ERROR code, type of ERROR, and ERROR message.

To help avoid rejected files, review the following list of ERROR codes and WARNING messages. The list also contains details of how to correct ERRORS we identified in your ACK.

Once you correct any ERRORS, resubmit the entire file to us using your SWIFT account, as we explain in [Section 9](#). We will not consider your file complete and filed until we send an ACK with an acceptance of your file.

WARNING messages provide additional information that certain fields in the file were not completed correctly. It is not necessary to correct all WARNING messages in order to receive an ACK with an acceptance of your file. However, review the WARNING messages you receive. We may still ACCEPT the file and changes may not be required, but you should contact us if you disagree with our modifications.

Section 13: ERROR Code Descriptions

When reviewing and correcting ERROR and WARNING messages, refer to [Form 1023-R](#), *Real Estate Withholding Electronic Submission Requirements*, and [Form 1023-S](#), *Resident and Nonresident Withholding Electronic Submission Requirements*, for details regarding the format of the data required in the file.

Example: Your ACK will contain the layout below as we show in [Section 10](#) or [Section 11](#) to help you locate the ERRORS in your file:

(row#,col#):	ErrorCode	ErrorType	ColumnName	Message
(2,4):	12:	ERROR:	ID Type:	The required field is empty.
(4,3):	322:	WARNING:	ID Number:	The field "ID Number" is empty, so the value of the "ID Type" field [FEIN] will be ignored.

Note:

- You must fix ERRORS before we ACCEPT the file for processing.
- WARNINGS contain information for you to review. Contact us if you disagree with a modification.
- [...] in the Message denotes information that FTB will complete with data from the file you submitted.

Include a valid month, day, and year in the "Closing Date" field. For example, February contains only 28 days (29 in a leap year). Verify the closing date and change as appropriate.
2723	WARNING	Foreign Refund	The "Foreign Refund" field of [...] exceeds the calculated "Foreign Refund" of [...], and the "Foreign Refund" has been changed to [...]. Example: The "Foreign Refund" field of [\$1,000] exceeds the calculated "Foreign Refund" of [\$800], and the "Foreign Refund" has been changed to [\$800].	In this example, the system calculated "Foreign Refund" is less than the "Foreign Refund" specified in the file. The "Foreign Refund" has been changed to match our calculations. In this example, the agent gets a smaller refund than anticipated. Verify your records for the amounts and contact us to make changes.
