Fee for Calendar Year 2014

Impact to:	All participating agencies.
Purpose:	<p>Inform you that the fee for calendar year 2014 is \$2.00.</p> <p>We calculate the fee by the number of successful offsets, which allows your agency to submit as many accounts as you would like and only be billed for the successful ones. You will receive a bill from the State Controller's Office in April of 2015. The bill includes the number of successful offsets less any reversals that occurred in calendar year 2014.</p> <p>The fee may vary from year to year depending on administrative cost. Keep in mind that you may have the authority to pass the assessed fee on to your debtors per Government Code Section 12419.2 (b).</p>
Required Action:	<p>No action is required of you.</p> <p>However, you may want to track the number of successful offsets to help you track expenses. You can track the number of successful offsets using the weekly detail reports that we send you.</p>
