Bill Number: AB 1593
Amended: April 24, 2019

Related Bills: See Prior Analysis

Subject: Earned Income Refundable Tax Credit/Federal Individual Taxpayer Identification Numbers (Federal ITINs)

Summary

This bill would, under the Personal Income Tax Law (PITL), modify the California Earned Income Tax Credit (California EITC).

Recommendation – No position.

Summary of Amendments

The April 24, 2019, amendments added additional identity requirements related to the use of Federal ITINs for the California EITC, and made other clarifying and technical changes.

As a result of the amendments, one of the implementation considerations in the department’s analysis of the bill as amended April 1, 2019, was resolved. Except for the “This Bill” and “Implementation Considerations” sections, the remainder of the department's analysis of the bill as amended April 1, 2019, still applies. The “Effective/Operative Date,” “Fiscal Impact,” “Economic Impact,” and “Policy Concerns” sections have been restated below for convenience.

Effective/Operative Date

This bill would be effective January 1, 2020, and would be specifically operative for taxable years beginning on or after January 1, 2019.

This Bill

For each taxable year beginning on or after January 1, 2019, this bill, under the PITL, would revise the California EITC by allowing eligible individuals, their spouses, and qualifying children to have either a (1) Federal ITIN or (2) social security number (SSN) without regard to its being valid for employment.
This bill would require that an eligible individual, eligible individual’s spouse, or qualifying child using a Federal ITIN, provide upon request of the Franchise Tax Board (FTB):

- Identifying documents acceptable for purposes of proving identity as authorized by Vehicle Code section 12801.9(c), and related regulations for purposes of establishing documents acceptable to prove identity.
- Identifying documents used to report earned income for the taxable year.

This bill also would require an individual using a Federal ITIN who is subsequently issued a valid SSN by the Social Security Administration, to notify the FTB, in the time and manner prescribed by the FTB.

**Implementation Considerations**

Department staff has identified the following implementation considerations for purposes of a high-level discussion; additional concerns may be identified as the bill moves through the legislative process. Department staff is available to work with the author’s office to resolve these and other concerns that may be identified.

Absent an SSN, the department would be unable to accurately match or verify the taxpayer-reported wage and withholding information with employer-reported wages to the Employee Development Department, increasing the likelihood of improper claims.

**Fiscal Impact**

The department’s costs to implement this bill have yet to be determined. As the bill moves through the legislative process, costs will be identified.

**Economic Impact**

Revenue Estimate

This bill would result in the following revenue loss:

Estimated Revenue Impact of AB 1593 as Amended April 24, 2019
Assumed Enactment after June 30, 2019

($ in Millions)

</tbody>
</table>
This analysis does not account for changes in employment, personal income, or gross state product that could result from this bill or for the net final payment method of accrual.

Based on output from the Franchise Tax Board's California EITC micro-simulation model comparing current law and proposed law model results, it is estimated that expanding the California EITC to taxpayers with federal ITINs would result in a $60 million revenue loss in the 2019 taxable year.

The tax year estimates are converted to fiscal year estimates and rounded to arrive at the amounts shown in the above table.

**Policy Concerns**

This bill would create additional differences between federal and California eligibility rules for the California EITC, thereby increasing the complexity of California tax return preparation.

The department is concerned that the proposed use of federal ITINs could lead to an increase in improper claims and payments.
