Bill Number: SB 38

Amended: June 20, 2022

SUBJECT

Beverage Container Recycling and Litter Reduction Act

- No analysis required – Not within our scope of responsibility.

SUMMARY

This bill would, under the Public Resources Code, make changes to the California Beverage Container Recycling and Litter Reduction Act, provide another exemption for certain beverage manufacturers, and would change how a processor makes payments to certified recycling centers or recycling programs.

ANALYSIS

The June 20, 2022, amendments removed all provisions of the bill relating to the Revenue and Taxation Code that would have established a gross income exclusion for any amount received for empty beverage containers by a consumer from either a redemption center or a recycling location. As a result of the amendments, this bill no longer impacts the department's programs and operations, and the department's analyses of this bill no longer applies.
