Bill Number: SB 908

Amended: March 20, 2024

SUBJECT

Fentanyl: Child Deaths

- No analysis required – Not within our scope of responsibility.

SUMMARY

This bill, under the Health and Safety Code, would require the utilization of data by the State Department of Public Health to identify trends of fentanyl-related deaths of children zero to five years of age.

ANALYSIS

The March 20, 2024, amendments removed the Government Code provisions that would have prohibited a public agency official or employee from creating or sending a public record using a nonofficial electronic messaging system unless a copy of that message is sent to an official electronic messaging system. As a result, this bill no longer impacts the Franchise Tax Board.
